Ike-Nixon Plan For Acting Chief Gets General OK

Differences of Opinion Drop Out over Its Constitutionality.

WASHINGTON (AP) — Congressional leaders voiced approval today of White House arrangements by which Vice President Nixon would take over as acting chief executive if President Eisenhower becomes disabled.

But differences of opinion cropped out over whether the Eisenhower-Nixon agreement announced Monday would give Nixon sufficient constitutional authority to act and whether Eisenhower legally could reclaim his office.

There also were demands that Congress act quickly toward clearing up the question about who makes the decision that a President is disabled. The Constitution does not specify how that shall be done.

The administration has proposed a constitutional amendment to clear up that and other details of the disability matter. Democratic House leaders have contended an act of Congress would be sufficient.

A 240-WORD White House statement said that, if possible, the President would inform the vice president if he should become disabled, and Nixon would serve as acting president, "exercising the powers and duties of the office until the inability had ended."

"In the event of an inability which would prevent the President from so communicating with the vice president, the vice president, after such consultation as seems appropriate to him under the circumstances, would decide on the devolution of the powers and duties of the office and would serve as acting president until the inability had ended," the statement said, adding:

"The President, in either event, would determine when the inability had ended and at that time would resume the full exercise of the powers and duties of the office."

Sen. Kefauver (D-Tenn.), one of the authors of a proposed constitutional amendment on the question, said the arrangements for Nixon to take over were "sensible" and he applauded public disclosure of the agreement.

"But I have very grave doubts that the President can get his powers back, once Nixon has become acting president, under the present constitutional provisions," Kefauver said. "I think this emphasizes the need for a constitutional amendment."

HOUSE SPEAKER Rayburn (D-Tex.) raised the same question, saying of the vice president "I don't see how he can exercise the powers and duties of the President without taking the oath as president. Once he takes that oath, he is the President."

Sen. Aiken (R-Vt.) said he fears that legal questions might be raised if Nixon attempted to sign documents as chief executive while he was only acting as President.

Sen. Ervin (D-NC), a member of the Judiciary Committee studying the disability issue, said he regards the Eisenhower-Nixon agreement as "not a bad stop-gap solution."

Van Wert Judge Sworn In Today

COLUMBUS (AP) — The new Van Wert County probate judge was sworn in today in Gov. C. William O'Neill's Mansion.

The new judge is Mrs. Cathryn L. Harrington of Van Wert. She is the wife of Municipal Court Judge Robert L. Harrington of Van Wert. Aides of the governor said they are the only husband-wife team of judges in Ohio.

Present for the ceremony were the Harringtons' daughters, Angeline, 12, and Susan, 11. Also present were friends of the family, Clark Kolp, Van Wert insurance man, and Mrs. Catherine Pennell of Van Wert, Republican state central committeewoman in the Fifth District.

Bank Aid Disappears; So Does \$13,000

NEW YORK (AP) — The head teller of a Brooklyn bank went out to lunch Monday and didn't come back. Also missing was \$13,000 of the bank's funds.

A 13-state alarm is out for the missing teller, Henry Fuocco, 32.

An official of the Manufacturers Trust Co. branch said Fuocco was appointed to his post six weeks ago at a salary of \$73 a week. He is married and the father of one.

Educator Raps College Stand On Teachers

CHICAGO (AP) — Many of the nation's best colleges are ignoring their responsibilities by refusing to provide the United States with more and better teachers, an education expert declared today.

Paul Woodring of New York, consultant to the Fund for the Advancement of Education, blamed the schools with great prestige, superior faculties and high entrance standards.

"Some," he said, "prepare no teachers at all; others, so few as to be hardly worthy of mention." He did not identify any schools.

All the nation's institutions of higher education, he said, must share the responsibility for the preparation of teachers for elementary and secondary schools.

Many liberal arts colleges don't seem to care that their graduates are reluctant to become teachers. Woodring told the National Conference on Higher Education.

"The stronger colleges rightly take pride in the achievement of their graduates," Woodring said. "They are proud of alumni who become distinguished scholars or scientists. Some are inordinately proud of the high average income of their graduates."

"They take much less pride in the graduate who becomes an outstanding teacher in the third grade or in high school. Such a graduate rarely attains more than local recognition, and his salary has a devastating effect on the statistics of the average income of the Class of 1955."

Nixon Talking Visit to Soviet

WASHINGTON (AP) — Vice President Nixon is seriously considering a visit to the Soviet Union in September, perhaps in exchange for a trip to the United States by Deputy Soviet Premier Anastas Mikoyan.

Authoritative officials said Nixon might also visit Poland, Yugoslavia and six Western European nations during a five-week tour as President Eisenhower's representative.

Nixon's stop in Moscow, they said, would depend on arranging a visit for a Soviet leader of about equal rank to this country.

Mikoyan's name has been mentioned most frequently by diplomatic planners as an acceptable swap but no formal invitation has gone out yet.

As deputy premier, as well as top economic-trade planner, Mikoyan's influence seems to be rising even though he is a holdover from Stalin's day.

HE LED THE first public attack on Stalin's rule, even before Soviet party chief Nikita Khrushchev spoke out, at a Soviet party congress in February 1956. At present he is viewed as one of the top three Soviet leaders.

The timing of Nixon's good will European tour would be dictated by the state of East-West relations and particularly by any results of diplomatic efforts to arrange a summit meeting.

In any case, Nixon is not expected to leave the country before Congress adjourns, perhaps in August.

Divers Seeking More Bodies In Bus Mishap

PRESTONSBURG, Ky. (AP) — Volunteers manned boats, stood vigil on river banks and joined Navy divers and National Guardsmen in a search for 11 still-missing children in a watery grave in the Big Sandy River.

They expanded the search today under direction of Bradis Goble, who lost two nephews and a niece when a school bus plunged into the river Friday.

Only one body was found Monday. It was believed recovery of the others would be slow.

The bodies of 14 other youngsters and their driver were recovered Sunday in their mud-filled school bus.

"I have lost more in this than anybody outside of the parents," Goble said. "We'll work around the clock. We're determined to find the children."

One of Goble's nephews, John Goble, 11, has been found. His other niece and nephew, Anna and James, are still missing.

Meanwhile, Kentucky recorded another accident involving a school bus.

A 66-passenger bus overturned near Pikeville but no children were aboard the vehicle.

Woodrow Runyon, director of transportation of the Pike County Board of Education, reported the bus overturned after one wheel ran off U.S. 119. The driver, Everett Gannon of Meta, was the only person aboard. He wasn't injured.

\$9 Million In Road Job Bids Opened

COLUMBUS (AP) — The Ohio Department of Highways today opened bids on about \$9 million worth of highway construction and improvement projects involving nearly 30 miles of roads.

The projects included a 4.3-mile section of Ohio 1 and relocation of a section of U. S. 40.

The Ohio 1 section is in Delaware County and is to be completed by Sept. 30, 1959. The apparent low bid of \$2,449,373 was submitted by John R. Jurgenson Co. of Cincinnati. The estimate was \$2,827,000.

Relocation of 2.72 miles of U.S. 40 in Belmont County will include three bridges. The new road will connect with the St. Clairsville bypass and run to Ohio 214 where there will be a traffic interchange. The apparent low bid of \$2,400,510 was submitted by C. F. Replogle Co. of Circleville. The estimate was \$2,774,200. This project is to be finished by Aug. 15, 1959.

Other projects for which bids were opened today included: Paulding County — Straightening one-half mile of Ohio 637 and replacing a narrow bridge over Flat Rock Creek, apparent low bid \$88,937 by N. A. G. Sunday and Son of Antwerp. Estimate \$112,000.

Dulles Labels Russia's Talk Plan Unacceptable

City School Board Approves \$1,238,045 Appropriation

Appropriations for 1958 totaling \$1,238,045, including \$645,000 for construction of new grade school facilities voted in 1956, were approved by the Washington C. H. Board of Education Monday night.

Appropriations in the general,

or operating, fund total \$562,733. This is an increase of \$30,448.32 over the actual 1957 operating outlay of \$532,284.68.

Three-months salaries for 7½ additional teachers, some of them to be assigned to new elementary schools which will be ready next

fall, account for a major part of the increased expense for 1958.

Anticipated income from all sources totals \$609,641.41; from which \$46,867.86 will be deducted at the source — \$1,641 by the county, principally for workmen's compensation, and \$45,225 by the state (\$36,704 for the Teachers' Retirement System, \$5,908 for the Employees Retirement System and \$2,613 for tuition due other districts).

OT THE TOTAL appropriation of \$562,733, personal services (payrolls) account for \$472,988, or 84.05 per cent. This includes administration, \$17,153 (3.05 per cent); instruction, \$388,195 (68.98 per cent); coordinate activities (attendance officer), \$1,172 (0.21 per cent); auxiliary agencies (librarians, bus drivers, etc.), \$7,506 (1.33 per cent); plant operation payroll (custodians, engineers), \$47,042 (8.36 per cent); maintenance personnel, \$9,120 (1.62 per cent), and special services (including a \$2,500 item to pay the city board's share of a proposed city-county school survey), \$2,800 (0.50 per cent).

Major increases are for instruction, up \$19,000 to take care of the additional teachers as well as normal annual \$100 raises for 35 teachers.

The administration appropriation is up slightly more than \$1,000 which includes a \$250 increase for the superintendent called for under his contract as well as salaries for three other persons.

The plant operation figure is up approximately \$2,500 which includes custodial service for the new Belle-Aire school to be opened in (Please turn to page two)

Mack Is Urged: 'Tell All' in Probe

WASHINGTON (AP) — The chairman of a House investigating subcommittee called on Richard A. Mack today to "tell all he knows" about the TV channel fight that led to his resignation from the Federal Communications Commission.

Mack resigned Monday, saying "I have done no wrong" but conceding that his usefulness as an FCC member had been damaged by testimony about the pressures surrounding him for the award of Miami's TV Channel 10.

President Eisenhower quickly accepted the resignation, effective immediately. Eisenhower had named Mack, a Florida Democrat, to the FCC in 1955.

Rep. Harris (D-Ark.), chairman of the House subcommittee which heard the testimony, said Mack now "should reveal all the facts and tell all he knows, regardless of whom it involves, on those that got him into this mess, making it necessary for him to take this action."

Mack is scheduled to return Wednesday before the committee.

PUBLIC SERVICE Television, Inc., a wholly owned subsidiary of National Airlines, won TV Channel 10 in Miami in a February 1957 decision of the FCC. Mack was among the 4-2 majority voting for Public Service over three other applicants.

Mack has acknowledged taking loans and free stock in two companies from a long-time friend and Florida attorney, Thurman A. Whiteside, who testified that he was interested in National's application for the TV channel. He said he did not represent the firm, however.

Mack, 48, was a member of the Florida Railroad and Public Utilities Commission before he came to Washington to the \$20,000-a-year FCC job. He has a wife and an 11-year-old daughter.

In his letter to Eisenhower, Mack said, "Perhaps I should have been more careful in the handling of my personal affairs." But, he said, he had not violated his oath of office and "I feel in my heart that I have done no wrong and my conscience is clear."

"However," he continued, "I have too deep a consciousness of the responsibilities of public office to be unmindful of the public interest. Despite my personal convictions, my usefulness as a member of the Federal Communications Commission has been brought into question."

Eisenhower wrote a brief reply. Without attempting to pass judge-

Woman Is Indicted In Grandson's Death

URBANA (AP) — The Champaign County grand jury indicted Mrs. Betty Watkins, 33, of nearby Westville, for second degree murder Monday in the death of her infant grandson Feb. 16.

The infant's body was found, wrapped in paper and rags, under a wood pile at Mrs. Watkins' home. The baby's mother was Mrs. Watkins' 16-year-old daughter, authorities said.

Coroner Dr. V. R. Frederick issued a verdict of homicide, contending that the infant was alive at birth and died shortly thereafter from a blow on the head.

Ohio Oilman Killed

ZANESVILLE (AP) — An oil worker was killed Monday when a drilling bit swung from its mooring and struck him in the head at a field near Ironspot, eight miles south of here. The victim was Carl Morgan, 34, of Nashport.

UAW, Chrysler Reach Accord

DETROIT (AP) — The United Auto Workers have won their fight with Chrysler Corp. for a 40-hour work week for high-seniority auto workers and unemployment benefits for the rest.

With Chrysler employment currently down from 108,000 at this time last year to somewhere around 80,000, the union argues that a full work week for some and unemployment compensation for the others is a better deal than a short work week for all.

Chrysler's decision to go along with the union was made in a top-level meeting between Chrysler President L. L. Colbert and Walter Reuther, president of the UAW. The two also worked out a settlement of the production standards dispute that has hampered output and idled workers daily at Chrysler plants here more than a month.

The union had accused Chrysler of trying to provoke a strike by inaugurating Jan. 20 new standards of work each employee should perform. The company wanted a strike, the union said, because of its backlog of unsold cars in dealers' hands.

THE COMPANY denied the accusation. The trouble, it said, was that some union workers were not doing their normal job assignments.

The new plan to give workers with greater seniority full work weeks calls for 18,000 employees at four Detroit-area plants to be laid off Wednesday for the remainder of the week. The company in that time will revise production schedules on a plant-to-plant basis and call back Monday as many as it can provide with a 40-hour work week.

Frank Ellis Resigns As Secretary of Fair

Frank E. Ellis Monday night submitted his resignation as secretary of the Fayette County Fair Board after having served in that capacity for 15 years.

The board, caught virtually flat-footed by Ellis' unexpected move, agreed to accept it, but persuaded him to defer its effective date until June 1 in order to give the board time to name his successor.

Ellis explained to the board that he wanted to be relieved of responsibilities of secretary because Mrs. Ellis, who has been his assistant through the years, has taken a position and does not have the time to help with the mass of detail work that falls on the shoulders of a Fair secretary.

Ellis has been a part of the Fayette County Fair as a director since it was rejuvenated in 1926, following a lapse of several years.

He will continue as a director, he said at least until his present term expires at the end of his year. He said he had not made up his mind whether he would seek reelection to the board.

When his resignation was accepted by the board Monday night — and with the provision that he remain on the job until June 1, members

French Corporal's Tale of New Son Finally Catches Up

SAINT QUENTIN, France (AP) — Cpl. Prosper Foulon had used up all the usual excuses and he still wanted a three-day pass.

He told his captain a three-day pass certainly couldn't be denied a soldier whose wife had just presented him with a bouncing boy named Henri.

Foulon even went to the local City Hall with papers procured from various sources an army corporal would know and had Henri officially registered. With that, he got the three-day pass.

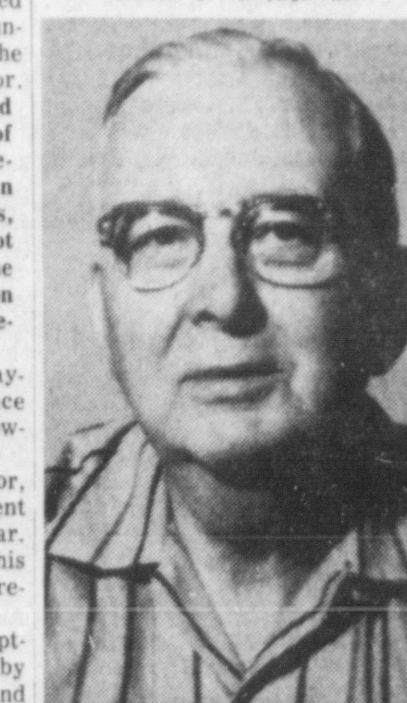

That was in 1939.

Foulon, now a cabinet maker, was found out when the draft board came around looking for the mythical Henri. To make matters worse, Mme. Foulon remembered that the corporal hadn't used the pass to come home.

The law let him off because the offense was too old. His wife may be stricter.

of the board commended him for a job well done for 15 years and told him he would be missed.

ELLIS became secretary of the Fair here in 1943, when he was 40. (Please turn to page two)

FRANK E. ELLIS

Date in June Said Too Soon

U.S. Officials Shun Terms by Soviets

WASHINGTON (AP) — Secretary of State Dulles said today Russia's proposal for a pre-summit foreign ministers' meeting is unacceptable on terms the Russians laid down.

Some other U. S. officials described as far too early the June date suggested for a meeting of the heads of government. They had other objections, too, to the latest Soviet proposal.

Dulles told a news conference the United States is in favor of a summit meeting and wants preparations for it that will lead to substantial achievements for peace.

But this country, he said, wants no part of any fraud or hoax which would merely fool people.

Dulles said the great danger in the present East-West debate over a summit meeting is that the Soviets want to substitute the fiction that the cold war has ended for the reality of the cold war.

DULLES DECLARED flatly that at present he knows of no major issues which in the light of known Soviet and Western positions offered any likelihood of agreement at a summit conference.

But, Dulles continued, this does not mean prospects are hopeless because some possibilities of agreement may be opened up by careful and substantial work in advance of a summit meeting. He described the U. S. position in approaching East-West talks as flexible.

The proposals, made public Monday, called for:

1. A foreign ministers meeting in April to pave the way for a summit conference in June. The foreign ministers would pick agenda, time, place and participants but would keep hands off the issues causing world tension.

2. Equal representation at the summit conference, half from each side of the Iron Curtain rather than the traditional post-war lineup of the United States, Russia, Britain and France.

3. No discussion of German reunification, the major East-West sore point.

U. S. officials said the Soviet still insisted on a headlong rush, as these officials saw it, into a summit conference on Communist terms.

THE WESTERN Big Three contend this is the wrong way to try to foster peace. Against the three basic Soviet points, they counter-balance these:

1. The argument that a summit conference is a good thing only if it follows careful preparation guaranteeing some hope of success, and avoids raising false hopes which might be dashed by grim reality. Thus, diplomatic talks must come first, to be followed about June by a foreign ministers meeting and, if all goes well, a summit conference in September or October.

But there definitely should be no advance agreement, as demanded by the Soviet Union, on a date for a summit conference even before a foreign ministers meeting is held.

2. Continuation of a Big Four summit framework — United States, Russia, Britain and France — rather than switching to a 30-50 division.

3. Inclusion of German reunification as a summit topic.

Northern Ohio Roads In Fair Condition

COLUMBUS (AP) — Highways are snow covered and slippery in spots in the northeastern section of the state, the Ohio Department of Highways reported today.

Highways are wet in a northwestern section. The area is north of a line through Greenville, Troy, Springfield, Urbana, Bellefontaine, Lima, Findlay, Upper Sandusky, Bucyrus, Mansfield, Wooster, Medina and Elyria.

Rail Cars Blow Up

SHATTUCK, Okla. (AP) — A spectacular series of explosions rocked this western Oklahoma town at 2:10 a. m. today after a 142-car freight train derailed. The train was carrying naphtha, rubber, carbon black and liquefied petroleum gas.

Dividend List Now Suffering Casualties

Profit Margin Squeeze
Becoming Real Pain;
February Cuts Noted

By SAM DAWSON
NEW YORK (AP)—Mounting dividend casualty lists fret stock market habitués today as well as the stockholders affected. And they turn the current profit margin squeeze from a statistic to a real pain.

So far this year 126 companies have either cut or omitted dividend payments, almost twice the number (65) that increased them. This is a full reversal of the trend a year ago.

Almost two thirds of the 1958 cuts, omissions and deferments came in February. Stock market observers theorize that the January cuts and omissions may have reflected the reduced earnings of many firms in 1957 and that the February setbacks may have been shown still more the feeling of directors about earnings prospects ahead.

In both months most companies maintained their old dividend rates. But in many cases this was done in the face of declining earnings in the final months of 1957 and indications that the drop is continuing in the early months of 1958.

This means that those paying the old rates often are doing so by increasing sharply the percentage of net income after taxes to be paid to stockholders—that is, by reducing sharply the amount the companies retain for growth and operating expenses.

The Associated Press index of 60 stocks started the year at 154.7, ended February at 159.2—or a gain for the two months of 4.5 but the picture for February alone wasn't that pleasant. Affected by other things, of course, than dividend cutting, the index which had ended January at 162.6 was down 3.4 when the shortest month ended.

Some feel the worst in dividend cutting may be over, just as they hold that the sharpest drop in business is past and the increasing squeeze on profits may slow down now.

Many brokers, believing that a higher percentage of dividend payments to earnings will be in effect most of the year, contend that total dividend payments should hold close to or equal the record 12 1/2 billion dollars in 1957.

In that year the average payout was 60 per cent, compared with 57 per cent in 1956. These brokers contend that the payout could go above 60 per cent without strain on corporate finances.

What's Wrong with Economy?

Big Manufacturing Centers Are Hurt Most in Slump

Editor's Note: Following is the second in a series of articles surveying economic conditions within America today.

By NORMAN WALKER

WASHINGTON (AP)—Take a pencil and a map of America. Draw a line down the West Coast, another under the Great Lakes, and a third down the Atlantic Coast from Maine to the Carolinas.

You have marked off the main trouble spots in America's ailing economy. They cover the country's greatest manufacturing centers, the areas with the heaviest population and thus the most politically important.

The rest of the country is beginning to feel the pinch, but it's not too bad.

Even in the troubled areas, business is still thriving in many respects, gliding along on the momentum of America's fabulously rich and diverse economy.

"Progress is sidewise, not going up or down," said President Lee Miller of the Citizens Fidelity Bank and Trust Co., Louisville, Ky.

It's important to remember our patient—business—is still lusty and active with the greatest potentialities in history.

Measured in income, profits, employment and production he has slipped back only a few notches from record achievements. But he has been accustomed to constant success.

"We were living in a fool's paradise thinking business would keep going on up," says Holmes Whittemore, general manager of Jones & Lamson Machine Co., at Springfield, Vt.

But will our economic patient get well on the dose of aspirin and rest prescribed by President

Wilmington Plant Plans Expansion

WILMINGTON — Wilmington Casting Co. will expand its operations here within the next 30 days in a stepped-up manufacturing program that will mean the employment of 40 to 50 additional persons.

The local company has acquired controlling interest in the Atchison Specialty Manufacturing Co., Atchison, Kans., and plans to move certain phases of the facility to Wilmington. Price, reportedly, was \$500,000.

Mitchell Vangrove, president of Wilmington Casting, who made the disclosure, described the expansion as "very beneficial to Wilmington and to the company."

Eisenhower? Or is he getting worse and needing a stronger remedy?

This is the key problem in Washington and many state capitals, facing mounting demands for stronger emergency pump-priming measures.

A comprehensive survey by The Associated Press reaching down into the grass roots of America shows that people are facing the situation with a hard-headed attitude. They are neither discouraged, nor particularly optimistic.

They see 1958 as a year of trial and trouble, but are remarkably unanimous in confidence that our current economic stumble will somehow straighten out and lead to new high plateaus in 1959 and 1960.

Data collected from coast to

Ike To Miss Pickup Trip To Arizona

WASHINGTON (AP)—President Eisenhower isn't going to Phoenix, Ariz., to pick up Mrs. Eisenhower this weekend, but his personal plane will fly her back to Washington.

Eisenhower made a 3,000-mile detour, en route from a vacation at Thomasville, Ga., to Washington to deposit the First Lady at Phoenix a week ago Sunday. Mrs. Eisenhower is a nonpaying guest of Mrs. Elizabeth Arden there.

James C. Hagerty, presidential press secretary, said he didn't know exactly when Mrs. Eisenhower will return to the White House.

The President, however, has no plans to fly to Phoenix to get her—and perhaps get in a weekend of golf. Hagerty said the presidential plane, Columbine III, is on the way to Ontario, Calif., for one of its periodic checkups by experts of the Lockheed Co. which made it. Checks are made about every six months, Hagerty said, and this one will be on the plane's instrumentation and should take about a week.

On the way back to the capital, he said, it will pick up the First Lady at Phoenix. He said it will stop in Denver, where Mrs. Eisenhower and her sister, Mrs. Gordon Moore, will spend a day with their mother, Mrs. John S. Doud. The Columbine, Hagerty said, will have some additional work done on it there at Lowry Air Force Base.

coast suggests a buyers market. Yet the AP survey reflects little disposition to cut prices at this stage. Living costs are staying right at record levels.

Many citizens, especially the army of perhaps five million unemployed, are curbing buying habits, drawing in their horns, getting along on hamburger instead of chops and steak, making the car and topcoat do a while longer.

People still have money to spend, retail sales in January hit 15 1/2 billion dollars, up one per cent from December on a seasonally adjusted basis.

Construction, one of the first industries to feel the recession, is beginning to pick up again.

But the oil industry is hurting. Domestic production built up for export during the Suez crisis is hard-pressed now to find markets.

Inevitably, regardless what happens from here on out, the relatively still-prospering areas in the Midwest, South, Southwest and western Plains states will be dented from what is happening in the factory centers, mines and mills.

The Plains states—coming out of a long period of bad times in wheat and cattle from the long drought that was broken last spring—are happy and encouraged—provided beef prices hold.

Despite its troubles, industry still is expanding, even though it can't use all the production capacity created in recent years.

It looks like U.S. capacity to produce has at this moment, at least, outstripped the capacity to consume.

WILSON'S HARDWARE

Washington Court House, O.
"If Wilson Doesn't Have It - It Will Be
Hard To Find"

Bloomington School News

By ANNE CRAIG

BLOOMINGBURG — Although Bloomington students and fans are sorry we won only second place in the three tournament games, we are proud of the clean sportsmanship that was displayed.

We are also pleased that some of our players made the all-county teams. Lonnie Ayres (8th) and Carl Weaver (7th) were chosen as players for the Junior High team. Roger Harris (9th) and Earl Welsh (10th) were selected for the reserve team. Mike Evans (10th), Jim Hidy (11th), Don Hidy (12th), and Kenny Anderson (12th) were named as members of Varsity squad. Mike Evans also won the foul-shooting award for the highest percentage of foul shots (7 out of 10) made during the tournament.

JOYCE CANNON and Alice Craig, eighth grade students, won the opportunity to represent Bloomington at the county spelling bee to be held March 29 at Wilson School. They tied, with scores of 100 each, in the school elimination given by Mrs. Elton Elliott last Friday.

A seventh grader, Patty Cannon, missed just one word to qualify as alternate to her sister and Alice.

Other students who took the test were: fifth grade, Phyllis Locke, Jerry Miller, and Stephen Rhoades. Sixth grade, Stephen Gramlich, Sharon McCoy, Colette Redd, Kenny Reed, Roger Shirley, and Susie Welsh. Seventh grade, Charles Buck, Scott Carnian, David Craig, Ralph Hall, Wayne Locke, Chuck McCoy, Gerald Raypole, and Richard Redd. Eighth grade, Dale Mickle.

THE SENIOR English class spent Friday afternoon visiting Carnegie Library in Washington, D. C. They learned how to use the reference facilities and then started work on

their term papers which are required for graduation.

THIRTEEN MEMBERS of the Y-Teen club volunteered to solicit for the heart drive in the village Feb. 23. The girls were Sandra Evans, Linda Parrett, Judy McFadden, Onda McCoy, Margaret Harris, Nancy Owens, Beverly Evans, Nancy Nessell, Glenna Watkins, Joan Butcher, Jessie VanDyne, Janice Owens and Anne Craig.

THE JUNIOR CLASS is planning a pancake supper which will be held on Thursday, March 13, in the school cafeteria. Tickets can be purchased at the door or from any class member. The student committee in charge of the supper includes Dorothy Fortier, Donna Chrisman, Donna Mossbarger and Nancy Nessell. The class members will be assisted by their mothers under the supervision of the co-chairmen, Mrs. Joe Elliott and Mrs. Dan Thompson. Serving will start at 5 p. m.

THE STUDENTS and faculty at Bloomington express their wish that Mr. Everett Rudolph will soon recover from his illness and return to school this week.

Greenland has 27,000 inhabitants. More than 700,000 square miles of its total territory of 840,000 square miles are ice covered.

Ohio Youth Enters 2nd Month in Coma

HUNTINGTON, W. Va. (AP)—An 18-year-old Chesapeake, Ohio, youth enters his second month in a coma today at Huntington Hospital. It is a result of injuries he received Feb. 4.

Donald Henson was one of three youths injured when their car collided with another automobile on U. S. 52 in Chesapeake. Two persons in the other car were killed.

Henson and Ray Collinsworth, 18, of Chesapeake were both left unconscious and in critical condition. Less seriously injured was Micky Edwards, 22, also of Chesapeake.

Monday, Collinsworth left the hospital. He came out of his coma and is termed in "good condition."

Bryan Official Going on Trial

BRYAN, Ohio (AP)—A jury of eight women and four men begin hearing testimony today in the trial of former Williams County treasurer Garland A. Beck, 56. He faces two charges of embezzling county funds.

The shortage in office funds prior to Beck's resignation Sept. 25 totals \$5,337.16.

In action Monday, Common Pleas Judge Harvey E. Hyman granted a motion by Prosecutor William H. Weaver for dismissal of an indictment charging Beck with the theft of a taxpayer's check for \$103.92.

Beck was found innocent Feb. 21 of embezzlement charges involving sales tax fund shortages.

Many Said Failing To Get Polio Shot

CLEVELAND (AP)—Because of withdrawal of government support for the anti-polio program many persons—young and old—are failing to get their third in the series of Salk vaccine shots, says Dr. Arthur J. Pearce, Cuyahoga County health commissioner.

Dr. Pearce said he fears that the entire polio program might "go down the drain" because the public finds the cost of shots from a private physician is too high.

"I'm looking somewhat fearfully to this summer and fall," said Dr. Pearce Monday. "Without that third shot the effects of the other two wane."

1957... a year of record growth

The Annual Report of Texas Eastern, just released, recounts many new records for the company... expansion of its facilities... increases in sales and revenues... and diversification of its operations.

Delivery and sale of natural gas to distributors for use in millions of homes and thousands of factories in Midwestern, Appalachian and Eastern Seaboard states exceeded 548 billion cubic feet—greatest in the company's history—compared with 497 billion cubic feet in 1956.

Consolidated net income for the company and subsidiaries for 1957 amounted to \$2.52 per share on 8,372,510 common shares, compared with \$2.04 per share on the 7,218,100 common shares outstanding at the end of 1956.

Diversification keyed the company's non-gas activities. In August, the company acquired La Gloria Oil and Gas Company as a wholly-owned subsidiary. La Gloria explores for and produces oil and gas, operates a large natural gas processing plant and one of the nation's most modern refineries. Texas Eastern completed the reconversion of the Little Big Inch pipeline as a common carrier of clean petroleum products, and this system, one of the nation's largest, is now in operation.

Natural gas reserves owned or controlled under contract were substantially increased during the year. At December 31, 1957, reserves were estimated by the company at 12,158,200,000,000 cubic feet, compared with 10,843,500,000,000 at the close of 1956. New sources of reserves available to Texas Eastern are being developed in Texas and Louisiana.

Production activities carried out by the company and its subsidiaries reached record levels. Total interest in gas production for 1957 amounted to 34,998,400,000 cubic feet, and in oil and products production to 3,091,727 barrels. Drilling and exploration activities were being carried on in fourteen states at year-end.

Thus, in 1957, Texas Eastern built solidly for the future... placing itself in position to serve the nation more effectively, and to assure a dependable and continuing supply of natural gas and petroleum products.

Many Now Hastening Effort To Pay Debts

There is a great deal of food for thought in the reliably reported deductions obtained through a Federal Reserve Board review, to the effect that people of this nation, as a whole, are using a greater proportion of their incomes to reduce personal debts than ever before.

This means something right here in Fayette County as well as in every other locality when it is said that more than 17 cents of every take-home dollar in the country is being put into payments for things people have bought, from home mortgages to household goods and automobiles.

As this shows that approximately 83 cents of every earned dollar among families, is left for all other expenses, said to be the smallest such total on record, it may be a reason for the present situation in business.

It is unfortunate at this time that personal incomes are decreasing, as reported in various sections during this seasonal period of layoffs, while overtime pay is on the decline.

Some areas are much harder hit than others. A locality like Fayette does not notice the wage dropoff as much as many other places. For example, it is said that workers in some hard-hit areas like Detroit are finding it necessary even to let their homes go, while elsewhere many are being forced to give up automobiles and appliances purchased on long-term loans. These are extreme cases.

Most Americans still have a choice

whether to cut down on spending or lose many of the things they are buying on time.

The fact that indebtedness is drawing off 20 per cent of the ready cash available to U. S. families accounts, in large part, for the sluggishness of the consumer market, for the drop in industrial output. The situation, however, could change, if Americans were to augment their buying power by drawing against their savings (they have more cash in bank reserves than ever before) or if salaries generally were increased.

This explains the growing pressure in Washington for additional spending on federal works programs; it is believed by some economists that such spending would help dry up pools of unemployment and thus stimulate retail sales.

The government cannot create a boom economy, however. The key factor is the debt load carried by the consuming public. Until this is lightened, any artificial stimulation of the economy is bound to be unsound. At any rate, the reports within the past few days of a sudden increase in consumer spending suggests that government "pump-priming" action is not positively indicated at this time.

All this seems to add up to the idea that there is no reason for either individuals or businesses to become "panicky". Judgment and ordinary common sense will cure the situation if the politicians do not stir up trouble for selfish reasons.

Men's Teeth Outlive Women's

By Hal Boyle

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

That women outlive men, but the average man keeps his teeth two years longer than the average woman. The explanation why, if science ever discovers it, should be fascinating.

That your doctor is 100 times more likely to become a narcotics addict than you are. About one per cent of American physicians acquire the dope habit sometime during their life.

That actress June Haver has this to say about television humor: "One thing is sure — the jokes last longer than the comics."

That if you're worried over the growth of big business in America, this item may cheer you: Nearly four of every five successful oil wells drilled in this country in 1956 were owned by small companies and independent operators.

That you don't have to worry about a future shortage of toothpicks either. One billion forest trees (a record) were planted last year.

That one of George Washington's favorite pastimes was marionette dancing. And did you know he had false teeth made of ivory and iron? No wonder he sometimes looked grim.

That juvenile delinquency wasn't such a big problem among the old Romans. Until the first century B.C., a father by law had the power of life and death over his kids. When he told his teen-age son he couldn't have the family chariot, the boy knew he meant it!

That koala bears have two thumbs on each paw—and, some days, don't you feel like you do, too?

That if you haven't had your auto muffler checked recently, you should. If defective, it can let enough odorless carbon monoxide fumes seep into your car to wipe out your whole family.

That in Alaska you can't legally hunt a walrus unless you are born an Eskimo.

That 67 per cent of the wearers of contact lenses in the United States are women.

That 26 per cent of New York City firms now treat Good Friday as a full paid holiday. The figure is 90 per cent for Washington's birthday and 43 per cent for Lincoln's birthday.

That Robert Q. Lewis says, "The girl who has nothing regards herself as the best gift for the man who has everything."

That the writing of the great artist and inventor Leonardo Da Vinci was difficult to read because he wrote from right to left.

Example: siht eKIL.

That you really have to babble to pronounce the name of babbling little brook near Sherman, Conn. It is called "Narami-yoknowhusunkatanksh j u n k"—but only by its lifelong friends.

That salami originated in the city of Salamis on the coast of Cyprus, and was prized as a tidbit by the Roman emperors.

That belching at meals was considered perfectly polite by the Romans who thought it only intelligent for a man to follow the dictates of nature.

That modern dairies find they need 35 gallons of water daily for each milk cow. But what do they do with it?

That bandleader Sammy Kaye says a girl confided to him recently, "I can't stand unhappiness. It makes me too miserable."

That the giant waterfall sign put up on Times Square by a soft drink company uses 15,000 gallons of anti-freeze a season, enough to last an average car for 7,500 years.

That three out of four divorcees in America eventually remarry.

That it was playwright Henrik Ibsen who observed, "You should never wear your best trousers when you go out to fight for freedom and truth."

Truman vs. MacArthur

By George Sokolsky

Unquestionably, Harry Truman has matured since he ceased to be President of the United States, but he cannot overcome the habit of "giving 'em hell." It is the small boy in Harry, shooting at adults with a rubber band and getting a belly laugh out of the "ouch."

So it is in the interview between Harry Truman and Edward R. Murrow. This colloquy occurred:

"Murrow: I was rather expecting that you might have suggested it would have been the dismissal of Gen. MacArthur in terms of re-establishing—or rather establishing again the control of the civilian over the military."

"Truman: That was only following a precedent. If you remember, James K. Polk had the same sort of trouble with some of his generals in the Mexican War. And Abraham Lincoln had to fire general after general. McClellan particularly stands out as an example in comparison with the MacArthur thing."

"And the Constitution provides that the President is the commander-in-chief of the armed forces of the United States. And in chief, he's got the right to hire and fire generals any place he pleases. And there was nothing new about that at all."

"That was only the establishment of a precedent. When commanding general of the Far East was insubordinate he got relieved, the same as another general would under the same circumstances."

Then there is a long discussion on Gen. MacArthur's conduct.

Diet and Health

By HERMAN N. BUNDESEN, M.D.

THE ragweed season still is some five months away, yet this is hay fever weather for a good many Americans.

Spring hay fever begins in March and continues until about mid-June. It's caused by pollens from trees such as hickory and elm.

Sizable Number

Only about 10 per cent of the nation's hay fever victims are troubled by these tree pollens. But this is a sizable number, since an estimated two and one-half per cent of our entire population is liable to hay fever attacks by inhaling pollen.

Fall hay fever—the one which causes the most sneezing and wheezing—begins about August 15 and continues until the first frost kills ragweed growth and eliminates the offending pollen. There is still another type of hay fever—the summer type.

Rose Fever

Often called rose fever, this variety prevails from about May 15 to July 15. It is caused by pollen from grasses. Timothy, red-top and bluegrass are the worst offenders.

About 30 per cent of our hay fever victims have this summer type allergy.

One surprising thing about spring hay fever, the kind we are most concerned with at the moment, is that the blossoms of fruit trees are not an important factor.

©1958, King Feature Syndicate, Inc.

Why do some persons develop hay fever and not others? That's a big question. Heredity seems to play a major role. But no matter what the cause, you should seek medical help if you have hay fever of any sort.

Temporarily Disabling

Hay fever itself can be temporarily disabling. Each year, millions of work days are lost by persons incapacitated by this allergy.

An even greater danger, however, is that hay fever may develop into asthma, a really serious ailment. In fact, it is estimated that about one-third of the hay fever victims would develop asthma if their conditions were not treated.

Useful Drugs

Antihistamines and other drugs have proven very useful in treating certain cases of hay fever. Injection of small quantities of the offending pollen over a prolonged period aids a high percentage of hay fever sufferers.

Vacations to areas where the offending pollen does not exist help, of course. So perhaps those of you who suffer spring hay fever should give a thought to a vacation along about now.

QUESTION AND ANSWER

C. T.: Will using an electric blanket have any effect on one's health?

Answer: There is no evidence that any effect on health can be produced by an electric blanket.

Congress Divided On Funds Division

WASHINGTON (AP)—Some House leaders of both parties are split over a proposal that would restrict annual congressional appropriations to actual amounts that government agencies expect to spend during a given year.

Supporting this proposal for budgetary reform are House Democratic Leader McCormack of Massachusetts and many Republicans and Democrats.

Opposed are House Speaker Sam Rayburn (D-Tex.) and most of the 50-man House Appropriations Committee, including Chair-

man Cannon (D-Mo.) and Rep. Rader of New York, its senior Republican.

A House battle looms either Wednesday or Thursday on the bill, which is similar to a measure the Senate passed last year.

That's Gratitude

DES MOINES (AP)—Iowa Parole Board records include the story of the parolee who made good in such a big way that he hired his former parole agent for more pay than the agent made with the state.

The Nation Today

WASHINGTON (AP)—President

Eisenhower asked Congress to spell out just how a vice president takes over if a president is too disabled to do his job. Congress fiddled around. Somebody had to act. So Eisenhower did.

What he did was simple and direct. Time may show faults in it. But at least he acted. Any protests from Congress now will have a hollow ring. If the lawmakers don't like it, they still can do something. Chances are they won't.

There'd be an ugly situation if Eisenhower — after a heart attack, a stomach operation, and a mild stroke — were paralyzed into unconsciousness and not only couldn't act as president but couldn't tell Vice President Nixon to act for him.

Last week Eisenhower indicated he had already arranged with Nixon for just such a situation. He showed no signs of wanting to disclose the arrangement until protests came from Congress. Monday he disclosed it. This was it.

If Eisenhower becomes unable to carry out his duties he will — if still able to do that much — tell Nixon to act as president until he recovers. If Eisenhower can't tell Nixon what to do, Nixon him-

self will decide whether to act as president.

The White House statement further said if Eisenhower recovers he — not Nixon — will decide when his disability is ended and he can resume his job.

Note: This statement at no place says Nixon will actually become president, it simply says he will be acting as president. This apparently was intended to meet arguments that, if a vice president once took the presidential oath, the elected president never again could resume the presidency.

It's possible some decisions made by Nixon as acting president might be challenged in the courts. But Eisenhower appears to have decided to meet one problem at a time, the biggest one first.

In this nuclear age it might be fatal for the country if, in a moment of emergency, a stricken president was unable to function and no arrangements had been made for the vice president to act for him.

The White House statement made it clear Eisenhower and Nixon were making this arrangement for themselves only and were not attempting to lay down the same rule for future presi-

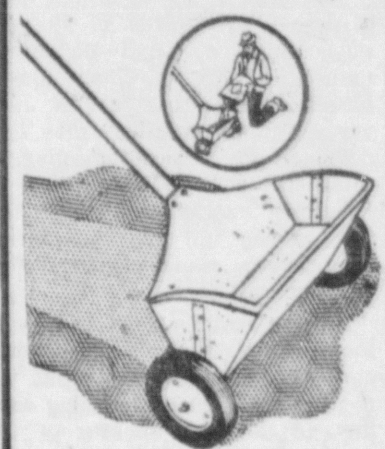

dents and vice presidents.

From the beginning the Constitution has been unclear on how a vice president would act for a disabled president. It says only that if a president can't do his job, his "powers and duties devolve" on the vice president.

It's blank on who decides — the President or vice president — when the chief executive can't do his job. The Eisenhower-Nixon understanding is an attempt to clear up this point since Congress has failed to do so.

Last month a House subcommittee came up with a proposal similar in one way to the Eisenhower-Nixon plan: it would let the vice president decide when a president was unable to fill his job, if the President couldn't say so himself.

FUGITIVES FROM THE FBI

(In co-operation with J. Edgar Hoover, FBI Director, this newspaper is running a series of descriptive articles on criminals wanted by the FBI.)

RICHARD WILLIAM ARNDT is being sought by the FBI for a crime on a Government reservation and as a deserter. While a non-commissioned officer in the U. S. Air Force, Arndt is alleged to have rented an automobile in Albuquerque, N. M., in May, 1955. It was found later abandoned in Denver, Col.

The wanted man is also alleged to have cashed checks in the amount of \$50 drawn on the Albuquerque National Bank at the Kirtland Air Force Base Post Exchange in May, 1955. All of these checks were returned marked "account closed."

Arndt was charged with a crime on a Government reservation in an indictment returned by a Federal Grand Jury at Albuquerque on March 9, 1956. On May 14, 1955, he absented himself from the Kirtland Air Force Base and has been declared a deserter by the USAF.

The fugitive, who uses the alias Richard W. Arndt, has worked as laborer, duplicating device operator, press operator, soil laboratory technician and flight engineer technician. He reportedly may have suicidal tendencies.

DESCRIPTION: Age, 34; Born, Pueblo, Col.; Height, 6 feet 2 inches; Weight, 205 to 227; Build, heavy; Hair, brown; Eyes, brown; Complexion, ruddy. Has hair mole on left cheek, large scar on right side of neck, 1/2-inch scar on left middle finger, 1 x 1-inch scar on right leg and 4-inch scar on right knee.

Information concerning fugitive should be telephoned to the nearest FBI office. Distributed by King Features Syndicate

Hearing Set for Collegians Who Tried to Derail Trains

COLUMBUS, Ohio (AP) — Three Ohio University students charged with attempting to derail trains are scheduled to appear in Federal Court later this month.

They are John Earl Hamm III, James John O'nder and George Baxter Hinkley. Hamm is from North Olmsted, O'nder from Rocky River and Hinkley lives at Fairview, all in Cuyahoga County.

A federal grand jury has returned indictments against them. Hamm and O'nder are accused of placing a lumber barricade on Baltimore & Ohio tracks at Athens Jan. 18. Federal Bureau of Investigation agents said the barricade was removed by other students before a St. Louis-to-Baltimore train passed.

Hinkley is accused of placing two concrete building blocks on the same track Jan. 23.

Others who will be arraigned before Judge Mell G. Underwood include:

Everett Charles Godby, accused of operating a motorboat in the negligent manner last July 20 on the

Muskingum River near Zanesville. The indictment says the lives and limbs of David Cooper, Cletus Courney, David Gale, Joseph LaFollette, James Hamilton, Robert S. Mehrlay and Steven C. Blackson were endangered.

Four Ohio State University students were indicted on charges involving Selective Service registration certificates that were stolen Nov. 6 from Board No. 41 in Columbus.

David Allen Levine was charged with stealing 10 blank certificates and giving one to Burton Jan Task and two to Jack Bennett Glickman. Task was charged with possessing a certificate not issued to him and forging a certificate. Glickman was charged with possessing, forging and delivering a certificate to Howard Shapiro. Shapiro was charged with possessing and forging a certificate and delivering one to a person who was not indicted.

First important gold discovery in Colorado was made in 1859 at Central City.

People . . . Places . . . and Things

Round about Fayette County

By B. E. KELLEY

Not in recent years has the wheat been so brown and so many of the leaves seared by the cold as during the recent frigid weather which caught most of the plants without snow to protect them.

Farmers, however, are not worried about the condition of the wheat, for they expect it to green up quite rapidly with warmer weather and rainfall.

It is usually the freezing and thawing later on that ruins the crops.

The danger is not in the hard freezes prior to March, so up to the present there appears nothing particular to be concerned about, according to some of the farmers.

OLD STREAM BEDS

Geologists have said that a pre-glacial stream bed, cut deep in the underlying bedrock, crosses Fayette County a short distance south of Washington C. H.

I am of the belief that it crosses the Arnold Shoop farm, formerly the Norman McLean farm, a half mile southwest of this city, on Leesburg Rd.

My belief is based on information given to me by Walter Kershner, well driller who was active some 50 years ago, and by Harold McLean, son of Norman McLean, regarding wells drilled on the farm.

One was drilled at the McLean house it is recalled, and a heavy layer of sand was encountered at 60 feet. At a depth of 160 feet, or 60 to 80 feet below the underlying limestone in this immediate area, the first limestone was struck.

There was plenty of water at that depth, but it was muddy, apparently coming from the sediment in the old pre-glacial stream bed.

When the water continued muddy after long pumping, the well was drilled 20 feet deeper, and good water was obtained.

It is recalled that when the water was pumped into tanks for livestock, within a few days one to three inches of mud would settle in the bottom of the tank.

I do not recall how deep the well was drilled at the former roadside park along the Fairgrounds, on U. S. 22 west, but that well produced muddy water and could have tapped a branch of the pre-glacial stream.

MORE DEER IN OHIO

Although the deer inhabited Ohio by the tens of thousands in the early days of the white man, the state was entirely depopulated of

these animals until work of restocking started years ago. Today deer are widespread in the state again.

Deer furnished not only food, but clothing to the Indians and early white settlers.

I have not heard of any deer being seen in Fayette County in recent months, but they sometimes stray through this area from some of the game preserves in southern and eastern Ohio.

Deer do not live in deep woods. They formerly had too many enemies, like the panther, hiding in the trees to pounce upon them.

They prefer areas mixed with brush, or woodland and open areas, and their feeding time is usually between dusk and dawn. When a buck and doe are traveling together, the doe always enters the open areas first, and a few seconds later the buck stalks forth. It must be a case of "ladies first."

EARLY BARREL MAKING

First barrels, casks, kegs and buckets made in Fayette County — and the pioneers found it necessary to make them if they were to enjoy their use — did not resemble the barrels, casks, kegs and buckets of today, either in shape or construction.

Of course all were made of wooden staves with, usually, split-hickory hoops about them to hold them in place. The hoops, in turn, were fastened with wooden pegs. Nails were almost unknown in the county in those days.

The containers were made much smaller at the top than the bot-

tom, with no bulge in the middle like the later types of barrels.

The bottoms invariably were one piece of wood, carefully cut to size and fashioned to fit in the deep grove in heavy staves.

Lids were arranged so that they would fit snugly, or if the top barrel head was set in like the bottom, it was held securely once the hoops were drawn tightly.

It required real skill to fashion the crude staves, which would be drawn so tight that no liquid could pass between them, and likewise where the heads of the barrel fit into the staves.

Every pioneer for a great many years, made his own barrels, and later the coopers plied their trades in barrel making on a large scale, and sold their product to the farmers and others. They frequently accepted produce in trade for the containers they fashioned.

Most of the early barrels were made of maple wood, and when liquor containers were wanted, they were made of white oak.

To permit liquid to be poured into the barrel and removed as wanted, an auger hole, commonly called a "bung hole", was bored into the head of the barrel near the edge, and a "bung" or heavy wood stopper placed in it.

If the man who made the barrel was skillful, he fashioned a wooden faucet and, by turning a wooden lever, could draw liquid from the container as desired.

Some of these barrels lasted upward of 100 years, and some of the early sugar buckets with wooden handles, or bails, are still found in the community.

I wonder if there are any of the

5-Man Commission On Building Named

COLUMBUS (AP) — Gov. C. William O'Neill has appointed a five-member commission empowered to build a \$15 million state office building. The Ohio Legislature created the commission in an act effective last Sept. 13.

Members of commission are: Robert M. Humphreys, 51, an Urbana mortician; John P. Walsh, 49, Canton attorney; Darold I. Greek, 48, Columbus attorney; Les Donnell, 59, Youngstown auto dealer and Jacob Davis, 51, Kroger Co. vice president, Cincinnati. Ex-officio member with voting rights is Richard Larimer, state public works director.

early barrels or casks still in the county?

Thug Picks Wrong Man in Holdup

NEW YORK (AP) — A holdup man picked the wrong taxicab driver as a victim — an off-duty policeman driving a cab owned by a friend.

The robber, identified by police as Edmund J. Rowe, 27, was shot by the patrolman and is reported in a critical condition.

The policeman, Russell Cam. 39, picked up a passenger outside a tavern. The passenger pressed

what turned out to be a toy gun against Cain's neck and demanded money.

Cain took \$15 from a pocket and laid it on the seat beside him. As the holdup man reached for the money, Cain turned and fired two shots with his service revolver. One hit the robber.

Mrs. Kisling Honored with Layette Shower

Mrs. Ralph Cummings, Mrs. Lee McMurray and Mrs. James Clark honored Mrs. Richard Kisling with a layette shower in the home of Mrs. Cummings Friday night.
The gaily wrapped packages were placed on a table which was centered with a star. A mint green and white color scheme was used.
The guest of honor opened her lovely array of gifts and thanked each guest graciously.
Favors were miniature mint green cradles filled with nuts and mints. Tempting refreshments were served by the hostesses to Mrs. Martin Cooper, Dyer, Ind.; Mrs. Brock Woolard, Mrs. William Kisling, Mrs. Ersie Kisling, Mrs. Robert Hull and Mrs. Peter Paralaes, all of Greenfield; Mrs. Harold Kisling, Springfield; Mrs. Jean Overly, Miss Charlotte Aills, Mrs. Paul Dowler, Mrs. Bud Slavens, Mrs. James Tarbutton, Mrs. John Hendershot, Mrs. Thomas Miller, Mrs. Larry Schiller, Mrs. Barbara Winters, Mrs. John Bowen and Mrs. Ernest Perry, all of Washington C. H.

Phi Beta Psi Sorority Holds Special Service

An impressive candle-light initiation service was held by Phi Beta Psi Sorority in the home of Mrs. Robert Green Monday night.
Mrs. Willis Coffman, Mrs. Jesse Persinger Jr. and Mrs. Emerson Marting were the assisting hostesses.
Mrs. Eddie McCoy, president, conducted the service and business session.
The three pledges, Mrs. Robert Boyd, Mrs. Paul Crosby and Mrs. 'aynard Wilson, attired in frocks from the 1920's, presented a humorous skit as part of their initiation activities.
During the business session an announcement was made concerning the state convention to be held at Lincoln Lodge, Columbus, on May 18.
Members agreed to furnish cookies for the Blood Bank on April 3. Plans were discussed for the Pilgrimage of Homes which has been scheduled for May 4.
Following the initiation service, tea delicacies were served from a table beautifully appointed with a hand-made lace cloth and centered with a crystal epergne containing red roses, white pom-pom mums and white twisted candles. The sorority's colors are red and white.
Mrs. Marting presided over the punch bowl.

Weaver-Wise Vows Exchanged

Mrs. Harold Housman, Dayton, announces the marriage of her daughter, Miss Anna L. Weaver, Washington C. H., to Mr. Ralph H. Wise, son of Mr. and Mrs. Gerald Wise, Jeffersonville.
The ceremony was performed by the Rev. Harold B. Twining in the parsonage of the First Baptist Church at 1 p. m. Sunday, Feb. 23, in the presence of the immediate families.
The bride chose for her wedding an ice blue taffeta dress complemented with white accessories. A corsage of white carnations was pinned to her shoulder.
A reception followed the exchange of vows in the home of the bridegroom's parents.
The new Mr. and Mrs. Wise are now residing at 1114 Columbus Ave.
will be furnished by Flippe the Clown.
WSCS of the Staunton Methodist Church meets in the home of Mrs. Harold Wilson, 2 p. m.

Women of Moose Complete Project

A hand-made embroidered and lace trimmed pillow slip project was completed at the regular meeting of the Women of the Moose which was held in Moose Hall with 18 members and one guest, Mrs. Cecil Gause, Decatur, Ind., present.
The completed project will be sent to the children at Mooseheart. It was voted by the members to send a contribution to the School for Retarded Children here.
Mrs. Emery Lucas, senior regent, conducted the business session. Reports were given by Mrs. Hazel Bonner, recorder, and Mrs. Ollie Keller, treasurer.
Program readings were presented by Mrs. Ethel Smith, junior graduate regent, and Mrs. Delbert Walters, acting junior regent.
Other officers participating in the meeting were Mrs. Wilbur Rayburn, acting guide; Mrs. Beryl Workman, assistant guide; Mrs. Walter Jones, sentinel; and Mrs. Warren Ivers, Argus.
The closing prayer was given by Mrs. Gene Daugherty, chaplain.
Mrs. Walter Bienz was awarded a prize in a contest.
Initiation of new members will be held at the March 14 meeting. Refreshments will be served at the close of this session.

Ellars Entertain With Birthday Dinner

Program Topic, "American Music", Enjoyed by Washington C. H. DAR

Twenty-five members of the Washington C. H. Chapter, Daughters of the American Revolution, enjoyed an interesting meeting Monday afternoon in the home of Mrs. McCoy Gardner.
Mrs. Walter D. Craig, chairman, presented five musicians who entertained with an unusual American Music program.
"America's Bouquet" was narrated by Mrs. Robert H. Green, and the musical background was played by Mrs. Norris Crissinger on the electric guitar. The flowers composing the "Bouquet" were hymns and folk songs from every part of the country; the white represented by the church brought by the early settlers and identified in "My Faith Looks Up To Thee," by Lowell Mason. Then came the many and varied colors of blossoms as Mrs. Crissinger played and sang "Swing Low, Sweet Chariot" and "Along the Navajo Trail." Mrs. Green sang a Mexican folk song entitled "La Cucaracha." Steven Foster music was also in the "Bouquet." All the blooms were then combined with the whole group singing "America the Beautiful" in unison.
Mrs. Thomas H. Parrett, regent, opened the business session with the DAR ritual, assisted by Miss Golda Baughn, chaplain. The Pledge of Allegiance to the Flag was led by Mrs. Harold L. Slagle, Flag chairman, and was followed by the singing of the "Star Spangled Banner," with Mrs. Craig playing the piano accompaniment.
Mrs. Loren D. Hynes read a message from the president - general. In the absence of Mrs. C. L. Lewellen, national defense chairman, Miss Marian L. Moore gave the national defense report. Mrs. J. Earl McLean, secretary, read the minutes of the last meeting.
Mrs. Parrett spoke of the coming state conference to be held in Cincinnati on March 17, 18 and 19. A request was made for clothing for the mountain schools to be brought to the April meeting.
Mrs. Craig then presented Mrs. Fred Enslin and Mrs. Leonard Korn, who sang, as a duet, "End of a Perfect Day," by Carrie Jacobs Bond. Mrs. John D. Forsythe played the piano accompaniment for the duet.
St. Patrick's Day color was used in the refreshments served during the social hour by Mrs. Gardner and the March hostesses, Mrs. Forsythe, Mrs. Harry M. Rankin, Mrs. Thomas Christopher, Mrs. Lester

and Billy, Master Gary Lee McCoy and Mr. and Mrs. John J. Stewart, all of Washington C. H.; and Mr. and Mrs. Eber Burnett of near Staunton.

CRAIG'S

New Holland News

BY MRS. JAMES DOYLE

NEW HOLLAND — The Church of Christ is making plans for pre-Easter services which are to be held from March 31 through April 6th. Selections will be presented from both the Senior and the Junior choirs as well as other special music each night. Mr. Gene Creamer will present the message for these services.

The official board of directors of the Church of Christ met Saturday night. They have announced that plans are in the making for the annual Vacation Bible school to be held for two weeks starting May 26 and closing with a program on Sunday, June 8.

MRS. HUGH SCHWART, Mrs. Wendell Evans, Mrs. Art Gifford, Mrs. Lee Mossbarger, Mrs. Bill Woods, Mrs. Wendell Morrison, Mrs. James Shipley, and the Rev. and Mrs. Glenn Robinson represented the New Holland Methodist Church at a Vacation Bible School meeting held at the YMCA building Monday afternoon.

PERSONALS: Mr. and Mrs. James Helsel and son, Gerald, Mr. and Mrs. Allen Helsel and Mr. Clarence Roberts attended funeral services for Mr. Joe Arbaugh, Springfield, Mr. Arbaugh was an uncle of Mr. Allen Helsel and Mr. James Helsel.

Mrs. Harold Bailey and son, Roy, were callers Monday at the home of Mr. and Mrs. James Helsel.

Mr. and Mrs. James Shipley and sons were Sunday dinner guests of Mr. and Mrs. Bill Brown and family of Clarksburg.

THE NEW HOLLAND Volunteer Firemen met Thursday night in the Village Council Room under the leadership of Fire Chief David Funk.

The group will meet on the first Thursday of each month at 7:30 in the same place.

Practice runs and training courses in the operation of the truck will be conducted the second and fourth Sunday afternoon of each month at 2 p. m. with the firemen meeting at the engine house.

Plans are in the making to have a capable person conduct a training course in first-aid.

THE TOWN and Country Bridge Club met at the home of Mrs. Don Adams, Hamilton St., Wednesday night. Members found their places at small tables for the serving of a tempting dessert course of old-fashioned ice cream sundaes.

The remainder of the evening was spent in playing cards. After scores were tallied prizes were awarded to: High-Mrs. Wendell Evans, second high, Mrs. Carvel Echard; traveling, Mrs. Joseph Louis, and low, Mrs. Richard Kirkpatrick. Other members in attendance were Mrs. Harold Speakman, Mrs. Howard Garrison, Mrs. Lee Mossbarger and Mrs. Joe Bryan.

THE METHODIST MEN of Atlanta and New Holland charges are sponsoring a sausage and pancake supper March 7 at the New Holland Methodist Church. Serving will begin at 5 p. m. with the price of the meal set at \$1.00 for adults and 50 cents for children under 10.

THE NEW HOLLAND PTO met Thursday night for its regular business meeting in the high school auditorium. Mrs. Harold Wright, president, opened the meeting with the Pledge of Allegiance to the flag. The regular reports were given by the secretary, Mrs. Edward Haggard, and the treasurer, Mrs. Paul Bryant.

Plans were made for serving the dinner at the athletic banquet. The sixth grade won the perfect attendance banner award for this month.

It was announced a chicken and ham supper held recently was a financial success.

Mrs. Wright announced her committees for the month of March. They are: Entertainment, Mr. Gene Creamer and the seventh grade pupils; refreshments, Mr. and Mrs. Earl Vincent, Mr. and Mrs. John Bowsher, Mr. and Mrs. Gene Creamer, Mr. and Mrs. Robert Minshall and Mr. and Mrs. Robert Cottrell.

"Red Raspberry", a 2-act playlet, was presented by the sixth

grade under the direction of their teacher, Mrs. Carl Andrews.

The characters were: Jared (Red) Sims — Pete Mithem; Father Sims — David McKee; Mother Sims — Carol Ann Bowdle; Ione Sims — Carole Morgan; Letty Sims — Juanita Mills; Jack Adams — Steven Lewis; Bobbie Adams — Larry Holt; Carol Clark — Carolyn Hollway; Mrs. Clark — Kay Gooley; Rev. Dunn — Mike Doyle; Mrs. Dunn — Jane Ann Garrison; Hulda — Carol Sue Stokes; Phillip Briggs — Jay Pinkerton.

Refreshments of cupcakes, soft drinks and coffee were served by Mr. and Mrs. Lee Mossbarger, Mr. and Mrs. David Funk, Mr. and Mrs. Dwight Turner and Mr. and Mrs. Harold Morrow.

THE FAMILY CIRCLE GROUP of the Methodist Church held its regular monthly meeting Sunday night at the church.

James Shipley, president, conducted the business meeting after a delicious covered dish supper. He announced the nominating committee for an election of officers to be held at the April meeting. Members are Mrs. Vernon Gifford, Mrs. Art Gifford and Mrs. James Shipley. It was announced the April meeting will be held on the second Sunday of the month instead of on the regular meeting night. Mr. and Mrs. James Shipley have invited the group to their home for the April meeting when a covered-dish supper will be served.

Mrs. Glenn Robinson presented some interesting movies. Those present were Mr. and Mrs. John Gifford and daughters, Vivian, Johnny Sue, and Lu Ann, Mr. and Mrs. Vernon Gifford and children, Mr. and Mrs. Art Gifford, Mr. and Mrs. Joe Satchell and Mr. and Mrs. James Shipley and sons, Mark, Don and Steven.

COLUMBUS, Ohio (U.P.)—The president of Pepsi-Cola Co. sees prosperity, not depression, in the near future.

"We are tooling for prosperity," Herbert L. Barnett said here Monday. He announced a 15 million dollar expansion program calling for construction of 24 new Pepsi-Cola plants this year.

Barnett addressed a "pep meeting" of 80 bottling firms from Ohio, Michigan, Kentucky, Indiana and West Virginia.

Ohio's 1957 Traffic Toll Climbs over Previous Total

COLUMBUS, Ohio (U.P.)—The total population of New London in Huron County was wiped out on Ohio highways last year.

So was the population of Indian Hill in Hamilton County, or the entire student body at Oberlin College, or Ohio Wesleyan.

Not literally, of course. No great destruction descended on either city or campus.

But the state highway safety director, Gordon Jeffery, says population figures match almost precisely the death toll from traffic accidents on Ohio highways during 1957.

A report issued today shows 2,044 traffic deaths last year, 1 per cent more than the 2,023 reported in 1956.

The total number of accidents reported was down 2 per cent last year—154,544 against 157,159 in 1956. But reported injuries rose 1 per cent from 78,698 in 1956 to 79,385 last year.

Deaths, injuries, and destruction of property last year caused economic loss of about 250 million dollars in Ohio last year, the National Safety Council estimated.

Some other statistics covered in the report:

Traffic accidents in big cities claimed the most lives last year. Deaths rose from 373 in 1956 to 415 last year in cities of more than 50,000 population.

The same pattern held true in

heavily populated counties. In Cuyahoga County last year, the death toll was 173; in Hamilton, 106; in Summit, 99; in Franklin, 98; in Lucas, 67; in Stark, 56 and in Mahoning, 52.

Compared with 1956, Cuyahoga County's death count dropped two, Hamilton's increased 16, Summit's increased seven, Franklin's increased six, Montgomery's increased one, Lucas' dropped six, Stark's dropped 15 and Mahoning's increased two.

Fatalities in rural areas fell one per cent from 1,435 in 1956 to 1,418 last year. Crashes on rural state highways caused 976 deaths; county and other rural roads, 312 deaths. Accidents in villages took

4-H Club Activities

MAKERS AND BAKERS

Evenly and Annalee Fry were hostesses for the first meeting of the Maker and Bakers 4-H Club last Tuesday.

Jane Belt was elected president of the group. Other officers selected by ballot were Nancy Douglas, vice president; Freda McGowan, secretary-treasurer; Charlotte Hollar, news reporter; Lois Conley and Betty Williams, recreation leaders; Harriette Butcher, safety leader; and Linda Seaman, health leader. May K. Recob and Annalee Fry

are the Junior Leaders of the Makers and Bakers. Annalee Fry and Nancy Douglas will make out the program for the club.

During the meeting, refreshments were served to the group by Evelyn Fry and Bess Seaman.

Linda Seaman's home will be the site of the next meeting of the club, when Linda, and Freda McGowan, will provide refreshments for those attending.

Charlotte Hollar

Trains Slowed In City to 15 Mph.

LA PORTE, Ind. (U.P.)—New York Central mainline trains crept through this city at 15 miles an hour today after City Council rebelled over the death of three teen-agers at a blind crossing.

Police Chief Leo Cramer said a force was ready to clock trains under a revived 40-year-old city ordinance when trains began

The Record-Herald Tuesday, Mar. 4, 1958 7
Washington C. H., Ohio

slowing down Sunday evening. Meanwhile, city officials ordered all-night blockades set up on two streets, including the Perry St. crossing, scene of the Saturday night crash. The crossing, with tall buildings blinding the approaches, has a watchman during the day, only bells at night.

RULES

1. Pick up your Albers "Cross Out" card today at your Albers Super Market—and each time you stop thereafter for the next 12 weeks.
2. Match the numbers on your card against the master numbers. Pencil an X over those numbers on your Card that match these numbers.
3. If you can "X-Out" on your card, five numbers in a row, either down, across or diagonally, you have WON A PRIZE! Just turn over your card and you'll know what you have won.
4. IF YOU HAVE A WINNER—Fill out the required information on the back of the card and mail it to: Cross Out, Box 551, St. Louis, Missouri. You'll receive your prize in about 15 days.
5. IF YOU HAVEN'T A WINNER THIS WEEK—Erase the X's from your card and save it to play against Albers' ads next week in your local paper and each succeeding ad of the contest.
6. Save this "Cross Out" ad and every "Cross Out" ad for the next 11 weeks—a previous "Cross Out" may have winning numbers for a new card.
7. Any one card and any one ad can be matched to claim a winner, but numbers from more than one ad cannot be combined to form a winning card.
8. Cards will be given to adults only.
9. Complete rules and instructions on every "Cross Out" Card.
10. No purchase necessary. For your convenience, this ad will be posted in your favorite Albers.
11. Albers employees and their families are not eligible to play "Cross-Out."

New Collegiate Cage Champion Seen Assured

Nebraska Deflates Leading K-Staters By 7-Point Margin

By THE ASSOCIATED PRESS

The stage is set for a four or five team free-for-all for the mythical national college basketball championship i. next week's final Associated Press poll, courtesy of the Cornhuskers of the University of Nebraska.

Nebraska defeated NCAA-bound Kansas State 55-48 Monday night at Lincoln only a few hours after K-State had been voted the nation's No. 1 team for the fourth straight week. In their previous Big Eight start, the Cornhuskers had flagged Wilt Chamberlain and Kansas after having lost to the same Jayhawk crew by 60 points a few games before.

Kansas State's loss, coming on the heels of its noticeable dip in prestige in the weekly balloting, ought to throw the final accounting wide open with the Wildcats from Manhattan, Kan., challenged by West Virginia, Cincinnati, San Francisco and Temple. They followed Kansas State in that order in this week's poll of sportswriters and sportscasters.

West Virginia (23-1) and Cincinnati (22-2) had come close to wrestling the top spot from Kansas State even before the upset costing the Wildcats their second loss in 22 games and their first since Dec. 30. The Mountaineers drew 570 points compared with 574 for K-State. Cincinnati had 563 for third place.

Right behind were San Francisco 436 and Temple 426, followed by Duke, Notre Dame, Dayton, Kentucky and Kansas, completing the top 10.

Nebraska, 10-12 for the season, pulled away in the second half of a ball control game as Kansas State, playing without ailing 6-9 Jack Parr, lost scoring edge. Bob Boozer on fouls with 8½ minutes left. The Wildcats, however, were 10 points behind when Boozer, scoring 20 points, went to the sidelines. Willie Fitzpatrick led Nebraska with 19.

Other Monday features saw Arizona State of Tempe clinch the Border Conference title and a place in the NCAA Tournament with a 78-76 victory over Arizona, and Indiana, whipping Illinois 98-86, move into a first place tie with idle Michigan State in the Big Ten.

Bradley, named along with St. Francis (Pa.) to the National Invitation Tournament earlier Monday, celebrated with an 85-80 Missouri Valley Conference victory over Wichita. St. Louis, one of several teams under consideration for the last NIT berth, nipped NCAA-bound Oklahoma State 54-53 on Rich Rogers' fielder with 20 seconds remaining.

Oregon State, battling California for the Pacific Coast Conference title and an automatic NCAA spot, climbed to within half a game of the Beavers, crushing Washington State 69-31.

Among the scoring leaders, Red Murrell of Drake fired in 51 points and moved up from seventh to fifth with a 26.72 average. His jump shot with 27 seconds left beat Houston 88-87 in overtime.

More Baseballers Sign Contracts

By THE ASSOCIATED PRESS

The World Champion Braves trimmed their holdout list to five when front-line pitchers Gene Conley and Bob Buhl came to terms Monday.

General Manager John Quinn still has these to deal with: World Series hero Lew Burdette, reliever Don McMahon, outfielder Wes Covington, shortstop Johnny Logan and first baseman Frank Torre.

The Yankees all but closed their ledgers when Bill Skowron signed leaving Tommy Byrne as the lone holdout of the American League champs.

The Cleveland roster was filled when Chico Carrasquel informed the Indian office his signed contract was in the mail.

Bob Lemon Complains About His Stiff Arm

TUCSON, Ariz. — Righthander Bob Lemon, who underwent an operation on his right elbow this winter, is confining his loosening up to the sidelines after his first attempt at pitching batting practice left his arm stiff.

"I guess I'm not ready to pitch to the hitters," admitted the Cleveland Indians' veteran hurler.

Dayton Defense Due To Vie Against Cincy's Offense

CINCINNATI (AP) — Dayton and Cincinnati, two of the best known basketball enemies in this corner of Ohio, tonight renew an old rivalry with a new twist.

The twist is in the way they play this season: Dayton has proved a new genius for defense; Cincinnati has come up with a paralyzing offensive spree.

This traditional game, which may up attendance records at Cincinnati Garden, is for many fans THE game of the season.

Reserved seat tickets have been

sold out for a month now and Garden officials, who shrugged off hot pressure to televise the contest, now plan to sell 1,500 standing room tickets just before game time.

Both teams in this long-standing rivalry, playing their own brand of basketball, have stacked up impressive records.

Dayton, in its last game of the season, has made a 23-2 record and a mark as the nation's third best defensive crew by specializing in deliberate ball-handling,

precision teamwork and slow tactics.

Cincinnati, with another game to go and the Missouri Valley Conference title already clinched, has a 22-2 mark after a free-wheeling offensive season that brought a sophomore—Oscar Robertson—to prominence as the nation's current leading scorer.

Cincinnati is rated third in the national this week; Dayton is eighth. Coach George Smith put his charges through a strong drill against slow-down tactics Monday.

Smith has scouted Dayton four times and said: "Only in the last game I saw, against Loyola, did they run."

He said he expects Dayton "to go only for the good shots while giving us a minimum of chances to shoot."

Dayton Coach Tom Blackburn has reportedly concocted a strong zone defense with emphasis on chasing Robertson.

Cincinnati's Robertson teams up with 6-foot-9 center Connie Dierking as the team's big scoring and backboard punch, while two 6-foot-4 guards, Mike Mendenhall and Ralph Davis, plus forward Wayne Stevens, help make the offense go.

Dayton has split two games with Miami, while Cincinnati beat the Redskins by 20 points. The Flyers got past Duquesne by two points, but the Bearcats turned the trick by 11. Dayton beat Xavier by 15 points and by 6, while Cincinnati topped the Musketeers by 11.

Dayton, headed for the NIT tournament, has a 16-game win streak.

Cincinnati, slated for the NCAA tournament, has won 14 in a row.

Fullmer Lays Claim To Fight for Title

SALT LAKE CITY (AP)—Former middleweight champion Gene Fullmer, 159, staked out a claim to a title fight or a "money" bout today after gaining a unanimous decision over veteran Milo Savage, 160, Salt Lake City.

About the only thing Fullmer earned in the relatively dull 10-round bout Monday night was his purse of about \$3,600. He never was able to land any effective combinations on Savage.

His manager Mary Jensen said he would be angling for Fullmer to meet the winner of the Carmen Basilio-Sugar Ray Robinson title fight this month.

Trotting Group Expected To Be Named in Lawsuit

COLUMBUS, Ohio (AP) — The United States Trotting Assn. (USTA), said to have a "stranglehold over harness racing," is expected to be named in a suit today in Federal District Court here.

U.S. Atty. Gen. William P. Rogers said the suit, to be filed by the federal government, will charge the USTA and its members with conspiring to restrain interstate commerce in violation

of the Sherman Antitrust Act. USTA headquarters is in Columbus.

He said the court will be asked to enjoin the association from requiring licenses as a condition to entering in harness racing, from following any policy of penalizing persons or horses or preventing their participation in harness racing, and from blacklisting persons who have been penalized by the association.

Assistant Atty. Gen. Victor Hansen, who made the "stranglehold" charge, said Monday that harness racing is "the fastest growing sport in the United States" and "the power to determine who may engage in harness racing should not be exercised by a group of private individuals."

Hansen said the principal complaints in the government's action state:

1. That the association forbade non-members to take part in harness races.

2. That horses racing on non-licensed tracks were barred from association racing.

3. That association members suspended from membership were prohibited from participating in harness racing.

In New York, where the USTA is holding a meeting, the new association president, Walter Michael of Bucyrus, Ohio, said the USTA would fight the action, but added that he felt his group could settle the issue with the government.

"I sincerely believe all our difficulties can be ironed out and the USTA can keep enough powers to function for the benefit of its 14,000 members," Michael said.

"We plan to fight the case. Some of the complaints are unfounded. Others are justified. I think we can change our by-laws to meet government demands," he said.

Michael was elected president of the organization Monday. He is reported to have been backed by the Harness Tracks of America, a group of parimutuel tracks which have been threatening to withdraw from the USTA unless more concern is shown for their interests.

The government's complaint reported that, during the 1957 season, 15,000 horses and 4,000 drivers participated in harness racing for purses totaling more than 24 million dollars and that the parimutuel tracks handled over 615 million dollars in bets.

Machael's, who heads three tracks in Ohio, is expected to bring peace between the USTA and the Harness Tracks of America, a powerful organization of parimutuel tracks which has been carrying on a running feud with the trotting group.

"We expect to get together with the harness tracks," a spokesman for the trotting association said.

Michaels has served on a committee studying grievances of the HTA.

The new executive is president of the Grandview and Northfield Park tracks and chairman of the board of the Painesville race track. All are in the Cleveland area.

In the election he beat out Ernest Morris of Albany, N. Y., vice president of the Saratoga track.

Other officers elected were: Eugene Hayes, director of the famous Hambleton race at Duquoin, Ill., chairman of the board; A. L. Putna, Chippewa, Wis., vice chairman; Don R. Miller, Columbus, executive vice president; Edward Hackett, Columbus, secretary; Dale Borden, Columbus, treasurer.

Under the "contract" plan a parimutuel track is not required to race under USTA rules but holds membership for the benefit of registering horses and records.

Indiana, MSU To Meet for Big Ten Title

By THE ASSOCIATED PRESS

Indiana and Michigan State, defending co-champions of the Big Ten basketball crown, will settle their two-year dispute at East Lansing Saturday.

At stake in a regionally televised finale will be the undisputed Western Conference title and an NCAA tournament berth.

Indiana, making a gallant comeback after losing six of its seven non-conference games, defeated Illinois, 96-86, at Champaign Monday night for its fourth straight Big Ten victory. The Hoosiers pulled into a tie with Michigan State for the conference lead with a 9-4 record.

Purdue defeated Iowa, 65-59, at Lafayette to assure itself of a second place tie with the loser of the Indiana-MSU game and Michigan escaped a possible tie for the cellar by whipping Wisconsin, 72-65 at Madison.

Archie Dees, the Big Ten scoring leader, pumped in 33 points in leading Indiana to its seventh triumph in the last eight games. The Hoosier hotshot, with one more game to play, has amassed 546 points in 21 games for an average of 25.9.

George Kline of Minnesota, having finished his season, is second with 425 points in 21 games for a 20.2 average. Illinois' Don Ohl, with another game to go, is third with 420 points in 21 games for a 20.0 average.

5 More Teams OK'd for NCAA

NEW YORK (AP) — Five more teams have qualified for the National Collegiate Athletic Assn.'s small college basketball tournament, and the last three berths in the 32-team field will be determined in playoffs tonight, the NCAA announced today.

South Dakota (16-5) enters the tournament, which winds up with the quarterfinals, semifinals and finals at Evansville, Ind., March 12-14, as the champion of the North Central Conference. Knox (16-6) represents the Midwest Collegiate Conference, Akron (18-5) the Ohio Athletic Conference, and American U. (20-5) the Mason-Dixon loop. Northern Illinois was chosen today to fill the last remaining at-large berth.

The Yankees all but closed their ledgers when Bill Skowron signed leaving Tommy Byrne as the lone holdout of the American League champs.

The Cleveland roster was filled when Chico Carrasquel informed the Indian office his signed contract was in the mail.

The Cleveland roster was filled when Chico Carrasquel informed the Indian office his signed contract was in the mail.

Bob Lemon Complains About His Stiff Arm

TUCSON, Ariz. — Righthander Bob Lemon, who underwent an operation on his right elbow this winter, is confining his loosening up to the sidelines after his first attempt at pitching batting practice left his arm stiff.

"I guess I'm not ready to pitch to the hitters," admitted the Cleveland Indians' veteran hurler.

"I guess I'm not ready to pitch to the hitters," admitted the Cleveland Indians' veteran hurler.

Baseball Loop Meeting Called

10-Team SWO League Aim for Next Summer

You may not have seen your first robin or taken out your lawn furniture yet. But spring is really here. Tom Smalley is trying to raise a baseball game.

Well almost, anyway. Smalley, who lives at 1227 S. Main St., announced that an organizational meeting will be held in his home March 16 for teams interested in the Southwestern Ohio adult amateur baseball league, of which he is secretary-treasurer.

Eight teams were in the league last year, at least four are coming back, and Smalley said Tuesday he is hoping the league can be expanded to 10 this season. He said he's glad to hear before the meeting from anyone interested in entering a team.

Besides soliciting in general for teams for the league, Smalley said he had been working himself trying to turn up possible squads for the planned league expansion. He said he has been making contacts in Sabina, Wilmington and Hillsboro and that "there seems to be a lot of support throughout the area for the S.W.O."

TEAMS in the loop last year represented Washington C. H., Blanchester, Greencastle, Chillicothe, Bloomingburg, Milfordville, Columbus, the Federal Reformatory in Chillicothe. Teams already agreeing to play again are Washington C. H., Greencastle, Chillicothe and Milfordville.

Smalley said a feature of his Washington C. H. team this season, hopefully, will be the extensive use of home talent. He is manager of the team.

He noted that last year, with a shakeup in league structure, he ended the season using a large group of boys from out of town who could have been playing for other teams (for example, Milfordville or Bloomingburg) more effectively.

This year, he said, he hopes to stick with a home crew.

OSU Captains Named

COLUMBUS (AP)—Two juniors, 6-foot 6 Larry Huston of Savannah, Ohio, and 5 foot 11 Joe Carlson of Valley City, N. D., were named co-captains for the 1958-59 Ohio State University basketball team Monday.

Cedarville, Wilmington Also Victors

Lions, Madison Mills Win in Frosh Tourney

Freshmen teams from Washington C. H., Madison Mills, Cedarville and Wilmington won the first rounds of an eight-team double-elimination basketball tournament, played in the Washington High School gym Monday night.

The losers, who will play each other in two of four games Wednesday, are Bloomingburg, Greenfield, Little Miami and Leesburg. Two other game Wednesday night will feature the winners against the winners.

None of the victors had too tough a time in the opening round Monday, although Leesburg and Cedarville played fairly topsy-turvy game for three quarters. The Cedarville squad won 44-32.

Washington C. H. laid low Little Miami, 45-31, in a game that was never close and Wilmington trampled Bloomingburg, 40-17. Madison Mills and Greenfield stayed less than 10 points apart until the final quarter when the Warriors surged through to win, 50-38.

THREE GREENFIELD boys fouled out as Lynn Ford of Madison Mills came through to take scoring honors for the evening with 21 points, scored on six field goals and no fewer than nine foul shots. Tom Campbell of Leesburg and Bob Wes. of Little Miami both connected for seven field goals and three free throws for runner-up honors.

Tom Seaman of Washington C. H. was first for his team with seven field goals one foul shot and a total of 15 points.

Fred Domenico is serving as tournament manager and various interested people have been undertaking referee and scorer duties.

Cedarville and Washington C. H. will play a winner's round game opening second-round play at 6 p.m. Wednesday. Meeting in loser's round at 7:15 p.m. will be Little Miami and Leesburg. Madison Mills and Wilmington meet in a winner's game at 8:30 p.m., and a loser's game between Greenfield and

RUNAWAY BRIDE BACK—Irene Arzdi, 29, who disappeared only a few hours before her scheduled wedding in Brook-
lyn, N. Y., is kissed by fiance Joseph Pinto, 31, and her par-
ents on her return eight days later. She said she got cold
feet about marriage, and went bus-riding to Los Angeles.
She'll marry Joe later, she said. (International Soundphoto)

Bakery, Teamster Unions Slated To Merger Programs

CINCINNATI (AP) — The Bakery
and Confectionary Workers Inter-
national Union and the Teamsters,
both ousted from the AFL-CIO,
are scheduled to look up their mu-
tual assistance pact even tighter
today.

Each was booted out of the AFL-
CIO on charges of corrupt leader-
ship.

However, their two presidents—
James R. Hoffa of the Teamsters
and James G. Cross of the Bakery
Workers—were scheduled to ap-
pear on the same speaking plat-
form at a special convention of
the Bakery Workers.

Both Hoffa and Cross have been
particular objects of AFL-CIO fire.
Hoffa said only that he intended
to discuss the mutual financial,
economic and membership pact
which his organization has with
the Bakery Workers. Their pact
of long standing was renewed and
broadened last month.

The Bakery workers Union,
which claims to represent slightly
more than 100,000 members,
opened its convention Monday
amid "tight" security regulations.
Special policemen carefully
checked each person entering the
convention hall to be sure he or
she had an accredited badge.

During a three-hour reading of
a general executive board's re-
port on the union's troubles with
the AFL-CIO no one was allowed

Lima Hospital Plans Experiment

LIMA (AP) — An experimental
treatment and research program
for sex deviates, with the accent
on child molesters, is to start soon
at Lima State Hospital for the
Criminal Insane.

The program will get under way
with a group of 115 patients picked
from an estimated 1,000 to 1,200
sex deviates now scattered
throughout state hospitals and
penal institutions in Ohio.

Dr. Joseph E. Duty, chief of the
state division of mental hygiene,
said the experiment calls for me-
dium-security confinement and se-
gregation of deviates from other
prisoner-patients.

19-Year-Old Drawing

Praise from Tebbetts

TAMPA, Fla. (AP)—Ed Pinson, a
slender young minor league slug-
ger working out with the Cincin-
nati Reds here has already en-
listed the active interest of Man-
ager Birdie Tebbetts.

Tebbetts said Monday: "Al-
though he's played only one full
season in organized baseball, he
really looks like he's got it."

Pinson, 19, belted 20 homers and
batted in 165 runs last year in the
Class D California League.

Ageless Archie Books 2 Bouts

SAN BERNARDINO (AP) — That
busy old boxer, Archie Moore,
fights tonight for the sixth time
since he defended his world light-
heavyweight title in Los Angeles
last September. His adversary, a
5-12 underdog, will be Bert White-
hurst of Baltimore.

Although Whitehurst is a heavy-
weight, he will scale less than
light-heavyweight Archie. Archie
figures to come in at 205, White-
hurst at 195. The non-title fight is
scheduled for 10 rounds.

Archie will meet Bob Albright
in Vancouver next Monday, rest
at home in San Diego 10 days,
then start a European tour.

Oldtimers Sparkle At New Orleans

NEW ORLEANS (AP) — Golfing's
touring professionals went after
medalist honors today for the \$20-
000 New Orleans Open and a cou-
ple of oldtimers served notice
they might be potent rivals for the
surging youngsters.

Walter Burkemo, 38-year-old for-
mer PGA champion from Franklin
Hills, Mich., and Jim Turnesa, an-
other PGA titleholder from Elms-
ford, N. Y., both carded five-under-
par 67s Monday in the pre-tourna-
ment pro-amateur.

Turnesa won the PGA crown in
1952 and Burkemo succeeded him
as titleholder in 1953.

Texas Towns Plumb Forget Election Day

HOUSTON, Tex. (AP) — City offi-
cials of Morgan's Point and Lo-
max forgot that the deadline for
filing petitions for the April 1 elec-
tion was last Saturday.

Mayor E. R. Meeks of Lomax
said in all probability his city
council would "go ahead and let
the people file. If anyone wants to
protest, we'll just be in a jam."

Mayor A. M. Polker of Morgan's
Point said he would have to see
what could be done.

They could hold an election with
no names on the ballots.

Morgan's Point has 1,100 resi-
dents and Lomax 700.

POPE ELEVATES CARDINAL STRITCH—Pope Pius XII, shown at
left in an official 82nd birthday photo radioed from Vatican
City, has elevated Samuel Cardinal Stritch (right), 70, of
Chicago, to the Roman Curia, administrative body of the
Roman Catholic Church. The brilliant one-time Memphis,
Tenn., pastor is the first American to be named a Pro-Prefect
of the Sacred Congregation for the Propagation of the Faith.

North America Icemen Playing 'Too Rough'

OSLO (AP) — That constant ru-
barb of international amateur ice
hockey is in full swing again to-
day, with Europeans claiming Can-
adians and Americans are too
rough and the North Americans
wondering what all the fuss is
about.

Norwegians, accustomed to the
no-contact European style of hock-
ey, have roundly roasted the Can-
adian and U.S. teams in their
games in the world amateur
championships under way here,
especially when the well-thumped
way was the opponent.

Monday, it was the Americans'
turn and the partisan crowd of
3,500 let loose a chorus of boos
throughout the U.S. team's 6-1 vic-
tory over Norway.

There was vigorous checking
along the boards and twice play-
ers mixed it up with fists. One fan
threw a bottle on the ice.

The checking, both the Ameri-
can and Canadian coaches agreed,
was just a part of the game.

The fighting, U.S. coach Cal
Marvin of Warroad, Minn., said,
resulted from poor officiating by
the referees.

Canada, leading the round robin
championships with a 3-0 record
after crushing Finland 24-0, was
idle today while the U.S., Russia
and two other unbeaten teams
played their third-round game.

Ashland Promotes Robert Brownson

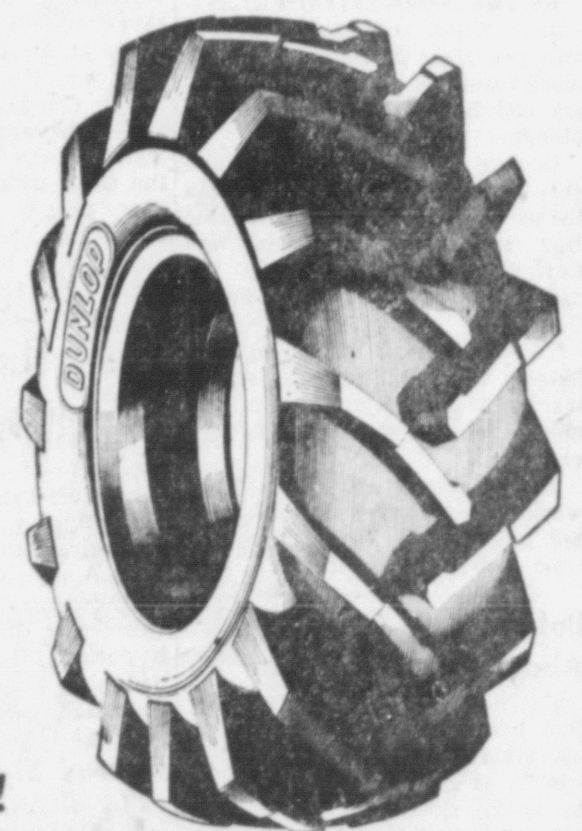

ASHLAND (AP)—Ashland College
says Robert Brownson, the
school's football and basketball
coach since 1954, has been promot-
ed to a newly-created post of ath-
letic director. Two new coaches
were chosen to succeed him.

The new football coach is Bruce
Schmidt, 31, an assistant last sea-
son. He coached previously at
Fostoria High School.

The new basketball coach is
Robert Stokes, formerly of Mus-
kingum College. He also will as-
sist in football.

Kohler Publicist Chided by Senator

WASHINGTON (AP) — A Kohler Co. publicity man, George Galati, acknowledged Monday he hired a cameraman to photograph any member of the Senate Rackets Committee or staff seen talking to a lawyer for the United Auto Workers Union.

Sen. McClellan (D-Ark), the committee chairman, denounced the arrangement as "pretty low and pretty rotten." He called it a move designed to "get something to smear members of this committee."

Swain Released In Swindle Case

YOUNGSTOWN, Ohio (AP) — Allen J. Swain has been released on \$25,000 bond from Mahoning County jail, where he was held on a charge of obtaining \$44,000 under false pretenses.

With Swain's release Monday, only one of 14 persons arrested in an alleged \$250,000 insurance claim fraud still is in jail. That is John J. Tobin Jr., who police said was the leader of the alleged fraud ring.

Tobin is held in lieu of \$75,000 bond.

LEGAL NOTICE
Osie Bowers, whose place of residence is unknown, and the unknown heirs, devisees, legatees, administrators and assigns of Osie Bowers, deceased, will take notice that on the 26th day of February, 1958, Rolio M. Marchant, Administrator of the Estate of Cordelia Wiscup, deceased, filed his petition in the Probate Court of Fayette County, Ohio, being Case No. C-4236 alleging that the above named parties have an interest in the following described real estate:

Situate in the Village of West Lancaster, County of Fayette and State of Ohio, to-wit:

Being Lot Number Eight (8) in the Village of West Lancaster as reference to the town plat of said village will more fully appear.

Being the same premises conveyed to Milton Wiscup and Cordelia Wiscup by warranty deed dated May 29, 1937, from Osie Bowers and recorded in Deed Vol. 63, at page 422 in the Fayette County Recorder's Office.

The prayer of said petition is for the sale of the above described real estate to pay the debts and costs of administration of the decedent Cordelia Wiscup and other relief.

The parties above mentioned will further take notice that they have been made parties to said petition and they are required to answer the same on or before the 5th day of April, 1958.

Animal Fat Eyed As Cause of Man's Heart Disorders

CLEVELAND (AP) — A research group at Cleveland Clinic is trying to develop a more healthful American diet by substituting vegetable fat for animal fat.

The aim of the project, which is financed by a \$65,000 grant from the United States Public Health Service, is to help evolve a way of life free of hazards of heart disease and hardening of the arteries.

Research has found that most victims of strokes due to thrombosis and heart attacks have accumulations of cholesterol and other fats in the blood vessels at the point of block.

Animal fats have been blamed for the clogging of the blood vessels of such individuals. Certain vegetable fats termed "unsaturated" tend to lower the amount of cholesterol in the blood.

Sharing A-Weapons Rapped by Solon

COLUMBUS, Ohio (AP) — A proposal to share nuclear weapons with other nations is "introducing more players into the nuclear card game" and gambling with humanity's destiny, says U. S. Rep. Chet Holifield (D-Calif.).

Holifield, chairman of the House subcommittee on military operations, spoke at an Ohio State University seminar Monday. He said proponents of the step claim it is necessary to "save the crumbling NATO," but he charged it will create "a new phase of international peril."

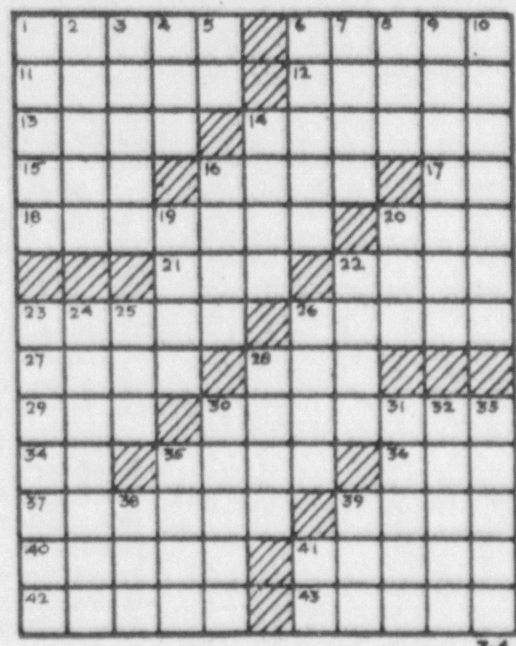

Teen-Agers Facing Long Prison Terms

NEW HAVEN, Conn. (AP) — Three teen-agers have pleaded guilty in federal court to the \$20,000 armed robbery of a branch bank Feb. 6. The three were Mersin F. Gule, 18; Michael A. Berardi, 18; and John George Wallace, 19, all of Waterbury, Conn. Each can receive a 45-year prison term.

A fourth boy, John J. Sullivan, 14, also of Waterbury, pleaded guilty to a juvenile delinquency charge several days ago.

New Agronomy Group Sets Demonstrations

Members of the new Agronomy Committee, meeting Tuesday afternoon in the County Extension Agent's office, set up a number of agronomy demonstrations to be carried out in the county this year.

Demonstrations will be conducted on the farms of individual cooperators following the recommendations of the Extension Agronomists of Ohio State University. Mr. Gordon Ryder is the Extension Agronomist for this section of the state.

The demonstrations which will be carried out during the year include the following:

Corn — Fertilized according to soil test requirements, four demonstrators; Planted at 3 rates per acre, one demonstrator; Effect of planter ground speed on number of kernels dropped per acre, one demonstrator; Fertilizer placement, one demonstrator; Yield responses to various combinations of N-P-K, Vocational Agriculture department;

Oats — Variety comparisons, one demonstrator;
Soybeans — Variety comparisons — one demonstrator;
Hay or Pastures — Meadow fertilization, one demonstrator;
Lime — Lime test evaluation, one demonstrator;
Seed Survey — Drillbox survey, 25 cooperators;

Chemical weed control — Canadian thistle, six demonstrators; Pre-emergence for grass in corn, five demonstrators; Pre-emergence for grass in soybeans, 3 demonstrators; Split application fertilizer on wheat 1957-58, one demonstrator.

OTHER ACTIVITIES decided upon were: Corn harvest field day (September - October), Hay and pasture tour (May-June), Crops tour and/or field day (July-August-September); Agronomy meetings (December, January, February, March) with county demonstration evaluations and county program planning with the advisory committee.

The committee voted four new members into its group. They are William Haines, vocational agriculture instructor at Jeffersonville; Lee Cleland, soil planner, Don Cook, Farm Bureau agronomist and Clarence Maddox.

Officers of the Agronomy Committee are Frank Sollars, president; Leo Fisher, vice president; and Elba Carson, secretary-treasurer.

Next meeting of the committee was set for 8 p. m. March 17, at the Farm Bureau Auditorium.

Circleville's GE Plant Will Expand

CIRCLEVILLE — A \$2,585,000 construction project, which will nearly double the size of the General Electric plant here, is expected to start in June.

The announcement was made by E. H. Grigg, manager of the Circleville lamp plant. The project has been approved by the company's board of directors and may eventually add 150 employees to the present staff of 750.

Grigg announced that new construction will launch a Circleville plant renovation and equipment modernization program due to cost General Electric \$6,300,000 between now and 1962.

"Figuring the original cost of our plant and equipment, plus what we have added since, this means GE's investment in the Circleville lamp plant will run to better than \$10 million," Grigg pointed out.

Another Boston Cleric Threatened

BOSTON, Mass. (U)—A guard today was posted at the Belmont home of the Rev. Dr. Harold L. Fickett Jr., pastor of the Tremont Temple Baptist Church, after a telephoned threat on his life.

Dr. Fickett was preaching at the Merrimack Baptist church, Manchester, N. H., when a man telephoned his home and told Mrs. Fickett: "He's going to be killed in two nights. And I'm not kidding."

A similar threat was made on the life of Roman Catholic Archbishop Richard J. Cushing last Saturday night.

FOP and FOPA To Meet Thursday

Sauerkraut and sausage will be available for the asking at a regular meeting of the Fraternal Order of Police and Associates set for 7 p. m. Thursday in Memorial Hall.

Herschel Taylor, FOP president, said the meeting place was changed since an especially large crowd is expected for this session.

Program for the evening will be furnished by the Federal Bureau of Investigation.

Two County Groups To See Navy Films

Chief Pat Waller will show films on Navy life at a meeting of the Wilson PTO Thursday night and at a Cub Scout meeting in Milledgeville Friday night.

Waller is Navy recruiter for Fayette County.

Everybody Wants In On Crash Act

DETROIT (U)—Almost everybody got into the act after two cars collided on Lodge Expressway here Monday night.

Some drivers couldn't stop fast enough to avoid a collision. Others, across the center section and going the other way, were busy gawking at the wreckage and got their own pileup started.

By the time passersby were through running into each other, about 50 cars were dented, scratched or bumped, police said.

Traffic was tied up 90 minutes. There were no serious injuries.

Local Beef Men Set Madison Tour

Feeding Equipment To Be Main Topic

A new wrinkle in beef cattle touring will get its first trial among Fayette County farmers March 12.

A Fayette County group, instead of making its own tour, will join with Madison County farmers and tour three beef cattle farms in that area. An afternoon program for beef raisers will likewise be held in Madison County.

Meeting at 9 a. m. in the Extension Service office here, the first stop will be at the Paul Overturf farm on Route 38 north of the Plumwood community about 10:15 a. m.

Automatic feeding systems involving a \$300 investment in a feed cart and track will be shown at the Overturf farm.

Feeding equipment will also be studied at the Dave Wing and Son farm, where farmers expect to arrive about 11:30 a. m.

Feeding equipment in a pole barn will be discussed at the Orleton farms, where a stop is scheduled for 12:15 p. m.

Lunch will be served at 1 p. m., preceding a program of beef cattle raising and feeding discussions. Guests on the program will be Bill Renner, Columbus Producers Livestock Assn., John E. Moore, who has recently visited Iowa farms and James Warner, extension beef specialist from Ohio State University.

Chillicothe Has Street Troubles

CHILLICOTHE — "If something isn't done, many of the streets will become impassable."

That's the opinion of Service Director Joseph N. Doyle, issued after a tour of east and west end streets here.

Doyle credited the extreme freezes and thaws of the past winter with doing much of the trouble, saying that salt surfacing on many of the streets now seems to be unavoidable. Among the streets inspected were Pohlman Road, West Fourth and West Fifth Streets, Ridgeway and Cortland Drives, and a number in the east end.

Greenfield Church Plans Centennial

GREENFIELD — The centennial of completion and dedication of the original St. Benignus Catholic Church in Greenfield will be observed by the parish June 15.

Archbishop Karl J. Alter of Cincinnati will celebrate the Pontifical High Mass that afternoon on McClain Field to culminate the observance.

The observance will bring participation from throughout the St. Martin's Deanery which is composed of Highland, Adams, Brown, Clermont and Clinton Counties.

Economic Education Conference Program Is Approved by Board

The complete detailed program for the two-session conference on economic education for all teachers in the Washington C. H. schools was approved by the board of education at its meeting Monday night.

The conference, or economic workshop, is sponsored by the city school board as City Teachers Assn. in co-operation with the Ohio Council on Economic Education, Ohio University and local leaders of industry, business, agriculture, finance and labor.

The conference sessions will be held in the high school auditorium from 4 p. m. until 8:30 p. m., with an hour out for dinner in Grace Church, on March 11 and March 18.

Objectives of the conference, or workshop, as listed by the planning committee are five-fold: (1) To create teacher awareness of the fact that every educator must be on the alert concerning the problems of our dynamic economy; (2) To demonstrate forcefully how closely economic problems are woven into the fabric of every citizen's life; (3) To examine certain aspects of the Washington C. H. economy; (4) To show the possibility and the necessity of objective thinking on controversial economic problems and (5) To consider how economic concepts can be taught on all learning levels.

While the conference is primarily for city school teachers — both elementary and high school — it was pointed out that the public is welcome to attend the sessions. If non-teachers want to go to dinner with the teachers, they must make reservations with Superintendent W. A. Smith before March 7 and March 14.

ON THE planning committee headed by Supt. Smith, the chairman, are Dr. Frank Bean of Ohio University; James O. Niswonger of Ohio University; J. Roush Burton, president of the First National Bank, Harold Coleman of Armco; Clyde Cramer of the WHS faculty; Jack Daves, chairman of the Retail Merchants Committee; Arthur Finley, Washington Savings Bank president; Milbourne Fleece, school board member; A. H. Hutson, district manager of Armco Drainage & Metal Products, Inc.; Tom Mark, realtor; Earl Miller, principal of Cherry Hill School; W. W. Montgomery, county agricultural extension agent; Joseph Peters, general manager of National Cash Register Co. here; Elmer Reed, Armco industrial engineer and school board president; Walter Rettig, First Federal Savings and Loan Assn. secretary; William Stoughton, Washington C. H. Chamber of Commerce manager; and Jack White, WHS faculty member.

Each conference session will take up two topics. While there will be some variety, the same general pattern will be followed. The first topic for the March 11 session will be "The Characteristics of the American Economic System." Supt. Smith will be the chairman.

It will open with a discussion by Dr. Fred Picard of Ohio University. This will be followed by "buzz sessions" in classrooms adjoining the auditorium. The teachers will return to the auditorium to fire questions at Dr. Picard until dinner time.

Back from dinner at the church, the conference will take up "The Role of Agriculture in Our Economy," with Robert Terhune, a school board member and farmer, as the chairman.

Dr. Riley Dougan, Ohio University rural economist, will be the speaker. Following the "buzz sessions" by the different groups of teachers in the classrooms, questions raised will be directed at a panel for the answers. Montgomery will be the moderator and member of the panel will be Dr. Dougan, Clarence Cooper, manager of the Farm Bureau Co-op; Frank Sollars and Harry Craig, two farmers.

"THE ROLE of Business in Our Economy" will be the first topic taken up at the March 18 session. This will be primarily a panel discussion of "Money and Banking" by Hutson; "Retailing" by Harold Craig of the Craig Department Store; and "Public Utilities," by Fred H. Dettmar, from the Dayton office of the Dayton Power & Light Co.

Questions will be put to the panel directly from the floor without first being formulated at the group "buzz sessions."

The final session of the conference will take up the topic of "Applied Economic Education," for which Reed will be the chairman. Dr. Bean will give the general outline of the topic in a 40-minute lecture before the teachers go in small groups to classrooms for their own discussion of various phases of it in their "buzz sessions."

Questions developed by the teacher groups will then be put to a panel for which Dr. Bean will be the moderator. Other members of the panel will be Cramer of the WHS faculty; Reed, school board president; Niswonger of Ohio University and Supt. Smith.

O'Neill Going South

COLUMBUS (U)—Gov. C. William O'Neill and his family leave Wednesday for Florida where the governor will continue his convalescence from a heart attack.

David Morrow In Line for Eagle Scout

Preliminary arrangements for the advancement of a third member of troop 67 of Jeffersonville to rank of Eagle Scout were completed at a meeting of the Eagle Scout Board of Review at the home of Don Wood, 409 Van Deman Ave., here Monday night.

The purpose of the meeting was to examine the records and qualifications of David Morrow, the most recent applicant in Fayette County for Scouting's highest award.

Morrow, son of Mr. and Mrs. Max Morrow of Jeffersonville, has attained three merit badges over the required number, the board found, and is now junior assistant scoutmaster of troop 67. He has a long record of outstanding achievements as a Scout.

On the board which passed on Morrow's qualifications were two other Eagle Scouts from troop 67 — Marvin DeMent of Jeffersonville and Charles Hiser of Milledgeville. Both are farmers now and still active in Scouting as adult leaders.

Others on the board, along with Wood, were Earle Henderson of Washington C. H., who wears the Silver Beaver medal and is a member of the county council; James Merritt, of Washington C. H. Explorer leader of the troop sponsored by the American Legion post; and Don Schwaigert of Washington C. H., assistant county advancement chairman.

Tentative plans were laid for holding the Eagle Court of Honor sometime in April. The exact date will depend on when arrangements are made for state government and Scout officials to be in Jeffersonville for the ceremonies and presentation of the award to Morrow, the board explained.

Courts

DIVORCE CASE DISMISSED

The divorce action brought by Ruby Gardner against Carl D. Gardner has been dismissed without record in Common Pleas Court at the request of the plaintiff who will pay the costs.

DIVORCE A LIE

Betty J. Mathews, 523½ N. North St., has petitioned in Common Pleas Court for divorce from Charles J. Mathews, Route 1, Greenfield, charging gross neglect of duty and extreme cruelty. She also asks an order restraining the defendant from annoying and disturbing her, and to keep him away from her home.

They were married at Richmond, Ind., Oct. 22, 1955, and have no children. She asks that he pay the costs and her attorney fees.

Travel Pictures Shown Eber PTO

D. J. H. Persinger showed colored stereopticon pictures of a 35-day conducted tour he took in Europe last summer with his family; members of the Chaffin PTO session Monday night in the school building.

Dr. Persinger gave a description of the sights shown on the screen, explaining many interesting historical details of several of them.

The Persinger tour included England, Holland, Belgium, Luxembourg, Germany, Switzerland, Liechtenstein, Austria, Italy, Monte Carlo, France and the French Riviera.

A very interesting discussion followed on the pictures shown. The program committee consisted of Sam Athey and Gail Mershon.

A short business session was conducted by Mrs. Ned Abbott, president.

The refreshment committee for the evening included Mr. and Mrs. Harold Foster and Mr. and Mrs. Burke Kearney.

Two Minor Mishaps Reported Monday

Police reported one city traffic accident during the past 24 hours, and the mishap occurred little more than a block away from the station.

At 1:10 p. m. Monday, Clarence P. Frye, 35, Wilmington, a driver for the Model Dry Cleaners, was backing his panel truck onto N. St. near Court, when he struck an auto driven by Frank Garringer, 37, of Rock Mills.

Garringer's auto was damaged. There was no damage to the truck. Sheriff Orland Hays' office reports that at 10:40 a. m. Monday Clinton L. Long, 59, 1612 Washington Ave., was turning west off Route 22 6½ miles east of Washington C. H., when an auto driven by Noel E. Wright, 31, of Atlanta, collided head-on with the Pennsylvania Railroad truck. Long was driving. Neither driver was injured.

Both vehicles had minor damage.

20,000 Prizes Worth \$200,000 In Albers Contest

Some 20,000 prizes worth over 200,000 will be offered by Albers Stores during the next 12 weeks in a contest called "Cross Out," Arthur J. Scherer, general manager of the Columbus division, announced.

The contest utilizes special cards, one of which will be mailed to each household in this area. Others may be obtained at Albers' Super Market, 112 N. Hinde St.

Object is to match the card against a list of 30 numbers to be published weekly in the Alber advertisement in the Record-Herald. If the contestant can match five numbers in a row — up, down or diagonally — with five in the ad, he is a winner.
